

# BUSHING FULL LENGTH SIZING DIE - FORSTER PRODUCTS, INC. 6 GT BUSHING FULL LENGTH DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bushing Full Length Sizing Die offers advanced precision by allowing you to precisely control the amount of neck sizing tension in your reloaded brass while sizing the body and bumping the shoulder. This die improves accuracy and prolongs case life because the case's shoulder and body is sized down just enough to fit in a minimum-sized SAAMI rifle chamber, and bushing limits working of the neck.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 6 GT BUSHING FULL LENGTH DIE](#)

# Bushing Full Length Sizing Die Safety Instructions

## Introduction

Thank you for choosing the Bushing Full Length Sizing Die from Forster Products, Inc. This product is designed to enhance the precision of your reloading process. To ensure your safety and the proper use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Ensure that your workspace is clean and organized to prevent accidents.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the die.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the die is compatible with the 6 GT cartridge before use.
- Do not exceed the recommended sizing tension to avoid damaging the brass.
- Avoid using the die if you notice any unusual sounds or resistance during operation.
- Store the die in a dry and secure location when not in use to prevent rust or damage.
- Do not modify the die or use it for purposes other than intended.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the die in your reloading press according to the manufacturer's guidelines.
- Ensure that the die is tightened properly to prevent movement during operation.

### 2. Usage:

- Insert the brass case into the die.
- Adjust the bushing to control the neck sizing tension according to your preferences.
- Operate the reloading press to size the body and bump the shoulder of the case.
- Inspect the sized case to ensure it meets your specifications before proceeding with reloading.

## Disposal Instructions

- Dispose of any damaged or worn components of the die in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for recycling options or hazardous waste disposal facilities in your area.

## Contact Information for Further Support

For any inquiries related to safety or product support, please refer to the contact details provided on the product packaging or the manufacturer's website.

Thank you for your attention to these safety instructions. Your adherence to these guidelines will help ensure a safe and effective reloading experience with the Bushing Full Length Sizing Die.
