

# **SUPER PRECISION TRIJICON MRO MOUNTS - GEISSELE AUTOMATICS LOWER 1/3 CO-WITNESS DDC MRO MOUNT**

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

The Super Precision MRO Series was developed specifically to work with the Trijicon MRO and like mounted red dot optics. These mounts are precision machined from a single piece of 7075-T6 high strength aluminum and are available in both co-witness and lower third co-witness options. Utilizing Geissele's update of the classic nut and bolt method, this mount will attach your red dot to your weapon with 1,400 pounds of clamping force, and features 3 shear lugs for maximum rigidity and return to zero.

## **Attributes**

- Name: [GEISSELE AUTOMATICS LOWER 1/3 CO-WITNESS DDC MRO MOUNT](#)
- Manufacturer: [GEISSELE AUTOMATICS](#)
- Product no.: 430107573

# Safety Instruction Guide for SUPER PRECISION TRIJICON MRO MOUNTS GEISSELE AUTOMATICS LOWER 1/3 COWITNESS DDC MRO MOUNT

## Introduction

Thank you for choosing the Super Precision Trijicon MRO Mount by Geissele Automatics. This guide provides important safety information and instructions to ensure the safe use and installation of your new mount. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the mount is compatible with your Trijicon MRO or similar optics before installation.
- Always inspect the mount for any signs of damage or wear before use.
- Follow all installation instructions carefully to avoid accidents.
- Keep the mount out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

## Specific Safety Precautions for Use

- Do not exceed the recommended clamping force of 1,400 pounds during installation.
- Ensure that the mount is securely attached to your weapon before use.
- Avoid using the mount in extreme environmental conditions that may affect its performance.
- Do not modify the mount in any way, as this may compromise its structural integrity.
- Always use appropriate protective gear (e.g., eye protection) when handling firearms.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools for installation, including a torque wrench.
- Ensure that your workspace is clean and welllit.

### 2. Installation Steps

- Place the mount on the designated area of your weapon.
- Align the mount with the mounting holes of your Trijicon MRO.
- Using the provided hardware, attach the mount to your weapon.
- Apply the recommended torque settings to ensure a secure fit.
- Doublecheck all connections to verify that the mount is securely fastened.

### 3. Usage Guidelines

- Always verify that the mount is properly installed before using your weapon.
- Regularly inspect the mount for any signs of wear or damage during use.
- If you experience any issues with the mount, discontinue use immediately and consult a professional.

## Disposal Instructions

- Dispose of the mount and any packaging materials in accordance with local regulations.
- Do not dispose of the mount in regular household waste if it contains hazardous materials. Check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any inquiries or support regarding the Super Precision Trijicon MRO Mount, please reach out to the appropriate contact channels provided by the manufacturer.

Thank you for your attention to these safety guidelines. Enjoy the reliable performance of your Super Precision Trijicon MRO Mount!
