# Safety Instruction Guide for AR15 Bolt Gas Rings

## Introduction

Thank you for choosing LuthAR's AR15 Bolt Gas Rings. This guide provides important safety instructions and guidelines to ensure the safe and effective use of the product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is compatible with your specific ARstyle rifle.
- Always handle firearms and their components with care and in accordance with safety practices.
- Keep this product out of the reach of children and unauthorized users.
- Regularly inspect the gas rings for wear or damage before each use.
- Report any unsafe conditions or accidents involving this product to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only in firearms designed for .223 caliber ammunition.
- Do not exceed the manufacturer's specifications for your rifle.
- Be aware of potential hazards such as gas leaks, which can affect the rifle's performance and safety.
- If you notice any irregularities during operation, cease use immediately and inspect the gas rings.
- Ensure that your rifle is unloaded and pointed in a safe direction before performing any maintenance or installation.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your rifle is unloaded and in a safe condition.
- Gather necessary tools, including a cleaning kit and any specific tools recommended by your rifle manufacturer.

### 2. Removal of Old Gas Rings:

- Disassemble the bolt carrier group according to your rifle's manual.
- Carefully remove the old gas rings from the bolt. Note the orientation and arrangement of the rings for reference.

### 3. Installation of New Gas Rings:

- Take the new LuthAR gas rings and align them as per the original configuration.
- Install the gas rings onto the bolt, ensuring they fit snugly and are properly seated.

### 4. Reassembly:

- Reassemble the bolt carrier group following the manufacturer's instructions.
- Ensure all components are securely fitted and that there are no loose parts.

### 5. Testing:

- Before taking your rifle to the range, conduct a function check to ensure smooth operation.
- Verify that there are no gas leaks during the operation of the rifle.

## **Disposal Instructions**

- Dispose of old gas rings and any packaging materials in accordance with local regulations.
- Do not dispose of in regular household waste if local laws require special disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety or performance of the AR15 Bolt Gas Rings, please refer to the manufacturer's website or contact the retailer from whom you purchased the product.

This guide is designed to provide essential safety information for the use of LuthAR's AR15 Bolt Gas Rings. Adhering to these instructions will help ensure a safe and effective shooting experience. Always prioritize safety and compliance with local laws and regulations.
