AK12 Muzzle Brake Safety Instruction Guide

Introduction

Thank you for choosing the AK12 Muzzle Brake from Midwest Industries. This guide aims to provide you with essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before installation and use to avoid any potential hazards.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow local laws and regulations regarding firearm accessories.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the muzzle brake for any signs of damage or wear.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the AK12 Muzzle Brake with firearms compatible with the specified thread pitches: M14X1LH, M24X1.5RH, and 1/2X28.
- Ensure that the firearm is unloaded before installing or removing the muzzle brake.
- Wear appropriate eye and ear protection when using firearms equipped with the muzzle brake.
- Avoid using the muzzle brake in conditions that may lead to overheating or excessive wear.
- Do not modify the muzzle brake in any way, as this may compromise its safety and effectiveness.
- If you experience any unusual sounds or performance issues while using the muzzle brake, stop using it immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. **Ensure Safety:** Make sure the firearm is unloaded and pointed in a safe direction.
2. **Remove Existing Muzzle Device:** If applicable, carefully remove any existing muzzle device from the firearm.
3. **Clean the Threads:** Clean the threads on the firearm's muzzle to ensure proper installation.
4. **Install the Muzzle Brake:**
 - Align the muzzle brake with the threads on the firearm.
 - Handtighten the muzzle brake onto the threads.
 - Use a wrench to securely tighten the muzzle brake, but avoid overtightening.
5. **Install Crush Washer:** If included, install the new crush washer to ensure a proper seal.
6. **Final Inspection:** Check that the muzzle brake is securely attached and properly aligned.

Usage

- Always check the muzzle brake before each use for any signs of damage.
- Follow the manufacturer's recommendations for the specific caliber and type of ammunition.
- Maintain proper shooting stance and grip to maximize control and minimize recoil.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearm accessories and metal waste.
- Do not dispose of the product in regular household waste.

- If the product is damaged or no longer usable, consider recycling the metal components.

Contact Information for Further Support

For further assistance or inquiries regarding the AK12 Muzzle Brake, please refer to the manufacturer's contact details provided with your product packaging or visit the official website.
