

CREMATOR PORTED WATERFOWL CHOKE TUBES FOR BERETTA/BENELLI MOBIL - CARLSONS CREMATOR PORTED CHOKE TUBE 12 GA BERETTA/BENELLI MOBIL BLK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

Carlson's Cremator® Choke Tubes feature new Triple Shot Technology (TST) and is offered in close mid and long range constrictions. TST is a series of three graduated rings in the taper section of the choke tube that allows a more gradual transition from the shotgun bore to the final constriction. This design offers reduced pellet deformation, less flyers and more dense patterns. These benefits make the Cremator® Series extremely effective on all types of waterfowl throughout the entire season.

Safety Instruction Guide for Carlson's Cremator® Ported Waterfowl Choke Tubes

Introduction

Thank you for choosing Carlson's Cremator® Ported Waterfowl Choke Tubes for Beretta/Benelli Mobil. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your choke tubes. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the choke tubes are compatible with your shotgun model before installation.
- Always handle choke tubes with care to avoid injury.
- Keep choke tubes out of reach of children and unauthorized users.
- Use the choke tubes only for their intended purpose in accordance with the manufacturer's instructions.
- Regularly inspect choke tubes for any signs of damage or wear before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when shooting.
- Ensure that the shotgun is unloaded when installing or removing choke tubes.
- Do not exceed the recommended ammunition specifications for your choke tube.
- Avoid using damaged or improperly installed choke tubes, as they can cause injury or malfunction.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow local laws and regulations regarding the use of firearms and choke tubes.

Instructions for Installation and Usage

1. Installation:

- Ensure the shotgun is safely unloaded.
- Use the appropriate wrench to remove the existing choke tube.
- Clean the threads of the choke tube and the shotgun barrel.
- Align the threads of the Carlson's Cremator® Choke Tube with the shotgun barrel.
- Handtighten the choke tube, then use the wrench to secure it in place without overtightening.

2. Usage:

- Load the shotgun with the appropriate ammunition for the choke tube.
- Always check the choke tube before each use to ensure it is properly installed.
- Maintain a safe shooting stance and ensure the muzzle is pointed in a safe direction.
- Follow the manufacturer's guidelines for shooting distances and techniques to maximize performance.

Disposal Instructions

- Dispose of any damaged or worn choke tubes in accordance with local regulations.
- Do not dispose of choke tubes in regular household waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of Carlson's Cremator® Ported Waterfowl Choke Tubes, please refer to the manufacturer's website or contact customer support directly.

Thank you for your attention to these safety instructions. Your safety and enjoyment while using Carlson's Cremator® Choke Tubes are our top priority. Always practice safe shooting habits and enjoy your time in the field.
