

TSS TURKEY FOR REMINGTON CHOKE TUBES - CARLSONS TSS TURKEY 12 GA FOR REMINGTON BLACK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

Carlson's TSS Turkey Choke Tubes are optimized for Federal Premium® Heavyweight® TSS Turkey Loads but also work exceptionally well with other manufacturer's turkey ammunition (Smaller shot size 7-9). The Federal Premium's Heavyweight TSS Turkey Load has an incredibly high pellet count in both 7 and 9 shot, along with the ability to carry energy further, makes them ideal for .410, 20ga, and 12ga. Tungsten Super Shot (TSS) has a 22% heavier density than heavyweight shot and a 56% heavier density than traditional lead shot. It puts the maximum amount of pellets possible in a 10" circle at 40 yds. The Heavyweight TSS shells will include the Flite Control Flex™ wad that gives hunters the ability to shoot any choke tube they prefer. Long-range turkeys don't stand a chance. *No Steel Shot Larger than #4 may be used in Carlson's Turkey Choke Tubes

Attributes

Safety Instruction Guide for TSS Turkey Choke Tubes

Introduction

Thank you for choosing Carlson's TSS Turkey Choke Tubes for Remington. This guide provides important safety information, usage instructions, and guidelines to ensure a safe and effective experience with your choke tubes. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that all users are familiar with the safe handling and operation of firearms and ammunition.
- Always treat every firearm as if it is loaded.
- Store choke tubes and ammunition in a secure location, out of reach of children and unauthorized users.
- Regularly inspect choke tubes for any signs of damage or wear before use.
- Follow all local laws and regulations regarding the use of firearms and ammunition.
- Use only the recommended ammunition types with your choke tubes to avoid accidents and ensure optimal performance.

Specific Safety Precautions for Use

- **Hazard Identification:** Improper use or installation of choke tubes can lead to serious injury or death.
- **Ammunition Compatibility:** Only use Carlson's TSS Turkey Loads or compatible ammunition (small shot sizes 79).
- **Steel Shot Warning:** Do not use steel shot larger than #4 in Carlson's Turkey Choke Tubes.
- **Longrange Shooting:** Be aware that longrange shooting may require additional skill and caution.
- **Vulnerable Groups:** Ensure that children and inexperienced users are supervised when using firearms.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing choke tube from the shotgun using the appropriate choke wrench.
- Clean the choke tube threads and the muzzle of the shotgun to ensure a proper fit.
- Install the Carlson's TSS Turkey Choke Tube by threading it into the muzzle of the shotgun until it is snug. Do not overtighten.
- Check that the choke is securely in place before loading the firearm.

2. Usage:

- Load the shotgun with compatible ammunition (Federal Premium® Heavyweight® TSS Turkey Loads recommended).
- Always follow safe shooting practices, including wearing appropriate eye and ear protection.
- Aim carefully and be aware of your surroundings before taking a shot.
- After shooting, inspect the choke tube for any signs of damage or wear.

Disposal Instructions

- Dispose of any damaged or worn choke tubes in accordance with local regulations for hazardous waste.
- Do not attempt to repair or modify choke tubes. If damaged, replace them with new ones.

Contact Information for Further Support
