

TSS TURKEY FOR WINCHESTER CHOKE TUBES - CARLSONS TSS TURKEY 12 GA FOR WINCHESTER BLACK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

Carlson's TSS Turkey Choke Tubes are optimized for Federal Premium® Heavyweight® TSS Turkey Loads but also work exceptionally well with other manufacturer's turkey ammunition (Smaller shot size 7-9). The Federal Premium's Heavyweight TSS Turkey Load has an incredibly high pellet count in both 7 and 9 shot, along with the ability to carry energy further, makes them ideal for .410, 20ga, and 12ga. Tungsten Super Shot (TSS) has a 22% heavier density than heavyweight shot and a 56% heavier density than traditional lead shot. It puts the maximum amount of pellets possible in a 10" circle at 40 yds. The Heavyweight TSS shells will include the Flite Control Flex™ wad that gives hunters the ability to shoot any choke tube they prefer. Long-range turkeys don't stand a chance. WINCHESTER CARLSON'S TSS TURKEY CHOKE TUBES
NOTE: Winchester SX-2, SX-3, SX-4 & SXP use Browning Invector Plus Tubes
There can be several styles of chokes used by a number of shotgun manufacturers.

Safety Instruction Guide for TSS Turkey Choke Tubes

Introduction

Thank you for purchasing the Carlson's TSS Turkey Choke Tubes. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide thoroughly before use to maximize safety and performance.

General Safety Guidelines

- Ensure that the choke tubes are compatible with your shotgun model before installation.
- Always handle firearms and ammunition responsibly and in accordance with local laws and regulations.
- Store choke tubes and ammunition in a secure place, out of reach of children.
- Regularly inspect choke tubes for any signs of wear or damage before use.
- Use only recommended ammunition types with your choke tubes to avoid malfunctions or accidents.
- Be aware of your surroundings when using firearms, and ensure a clear line of sight before firing.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when shooting.
- Never point the firearm at anything you do not intend to shoot.
- Keep your finger off the trigger until you are ready to fire.
- Always treat every firearm as if it is loaded.
- Ensure that the choke tube is properly installed before firing.
- Avoid using the choke tube with ammunition that exceeds the recommended specifications.
- Be cautious of recoil and ensure a firm grip on the firearm when shooting.

Instructions for Installation and Usage

1. Installation of Choke Tubes:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Use the appropriate wrench to remove the existing choke tube from the shotgun.
- Clean the threads of the choke tube and the shotgun barrel to remove any debris.
- Carefully screw the Carlson's TSS Turkey Choke Tube into the barrel by hand until snug.
- Use the wrench to tighten the choke tube securely, but avoid overtightening.

2. Usage:

- Load the shotgun with compatible ammunition (Federal Premium® Heavyweight® TSS Turkey Loads recommended).
- Ensure the safety is engaged until you are ready to fire.
- Aim at your target and disengage the safety before pulling the trigger.
- Follow all local hunting regulations and guidelines when using the choke tubes in the field.

Disposal Instructions

- Dispose of used or damaged choke tubes in accordance with local regulations.
- Do not throw away choke tubes in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding your Carlson's TSS Turkey Choke Tubes, please consult your retailer or manufacturer. Ensure you have the product details and any relevant information ready for a more efficient response.

Thank you for following these safety guidelines. Your safety and the safety of others is our top priority. Enjoy your shooting experience with Carlson's TSS Turkey Choke Tubes!
