

TSS TURKEY FOR WINCHESTER CHOKE TUBES - CARLSONS TSS TURKEY 20 GA FOR WINCHESTER BLACK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

Carlson's TSS Turkey Choke Tubes are optimized for Federal Premium® Heavyweight® TSS Turkey Loads but also work exceptionally well with other manufacturer's turkey ammunition (Smaller shot size 7-9). The Federal Premium's Heavyweight TSS Turkey Load has an incredibly high pellet count in both 7 and 9 shot, along with the ability to carry energy further, makes them ideal for .410, 20ga, and 12ga. Tungsten Super Shot (TSS) has a 22% heavier density than heavyweight shot and a 56% heavier density than traditional lead shot. It puts the maximum amount of pellets possible in a 10" circle at 40 yds. The Heavyweight TSS shells will include the Flite Control Flex™ wad that gives hunters the ability to shoot any choke tube they prefer. Long-range turkeys don't stand a chance. WINCHESTER CARLSON'S TSS TURKEY CHOKE TUBES
NOTE: Winchester SX-2, SX-3, SX-4 & SXP use Browning Invector Plus Tubes
There can be several styles of chokes used by a number of shotgun manufacturers.

Safety Instruction Guide for Carlson's TSS Turkey Choke Tubes

Introduction

Thank you for choosing Carlson's TSS Turkey Choke Tubes. This guide provides essential safety instructions to ensure the proper use and handling of your choke tubes. Following these guidelines will help you enjoy a safe and effective hunting experience.

General Safety Guidelines

- Ensure that the choke tubes are compatible with your shotgun model.
- Always handle firearms and ammunition with care and respect.
- Store choke tubes and ammunition in a secure location, away from children and unauthorized users.
- Regularly inspect your choke tubes for signs of wear or damage before use.
- Follow all local laws and regulations regarding hunting and firearm use.

Specific Safety Precautions for Use

- Use only the recommended ammunition with your choke tubes. Carlson's TSS Turkey Choke Tubes are optimized for Federal Premium® Heavyweight® TSS Turkey Loads.
- Avoid using larger shot sizes (smaller than 79) as they may not be suitable for these choke tubes.
- Do not exceed the maximum recommended shot size for your choke tubes to prevent damage and ensure safety.
- Always wear appropriate eye and ear protection when shooting.
- Never point your firearm at anything you do not intend to shoot.

Instructions for Installation and Usage

1. Installation of Choke Tubes:

- Ensure your shotgun is unloaded before beginning installation.
- Use a choke tube wrench to carefully remove the existing choke from your shotgun barrel.
- Insert the Carlson's TSS Turkey Choke Tube into the barrel and tighten securely using the choke tube wrench.
- Confirm that the choke is properly installed by checking for any gaps or looseness.

2. Usage:

- Load your shotgun with the appropriate ammunition.
- Aim at your target and ensure a clear line of sight.
- Follow standard shooting practices, including maintaining proper stance and grip.
- After shooting, unload your shotgun and inspect the choke tube for any signs of damage or wear.

Disposal Instructions

- Dispose of any damaged or worn choke tubes according to local regulations.
- Do not throw away choke tubes in regular household waste. Instead, take them to a designated recycling or hazardous waste facility if applicable.

Contact Information for Further Support

For questions or concerns regarding the safety and use of Carlson's TSS Turkey Choke Tubes, please refer to the product packaging for contact information or visit our website.

Conclusion

By following this safety instruction guide, you can ensure the safe and effective use of Carlson's TSS Turkey Choke Tubes. Remember to always prioritize safety and adhere to local laws and regulations while enjoying your hunting experience.
