

# TSS TURKEY FOR BROWNING INVECTOR CHOKE TUBES - CARLSONS TSS TURKEY 20 GA FOR BROWNING INVECTOR PLUS BLACK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

Carlson's TSS Turkey Choke Tubes are optimized for Federal Premium® Heavyweight® TSS Turkey Loads but also work exceptionally well with other manufacturer's turkey ammunition (Smaller shot size 7-9). The Federal Premium's Heavyweight TSS Turkey Load has an incredibly high pellet count in both 7 and 9 shot, along with the ability to carry energy further, makes them ideal for .410, 20ga, and 12ga. Tungsten Super Shot (TSS) has a 22% heavier density than heavyweight shot and a 56% heavier density than traditional lead shot. It puts the maximum amount of pellets possible in a 10" circle at 40 yds. The Heavyweight TSS shells will include the Flite Control Flex™ wad that gives hunters the ability to shoot any choke tube they prefer. Long-range turkeys don't stand a chance. \*No Steel Shot Larger than #4 may be used in our Turkey Choke Tubes

## Attributes

- Name: [CARLSONS TSS TURKEY 20 GA FOR BROWNING INVECTOR PLUS BLACK](#)
- Manufacturer: [CARLSONS](#)
- Product no.: 430107953
- Mfr. No.: 38023

# Safety Instruction Guide for TSS Turkey Choke Tubes

## Introduction

Thank you for choosing the TSS Turkey Choke Tubes by Carlson's. This guide provides essential safety information to ensure the proper and safe use of your choke tubes. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure that all products are used in accordance with local laws and regulations.
- Always handle firearms and ammunition with care and respect.
- Keep choke tubes and ammunition out of reach of children and unauthorized users.
- Inspect choke tubes before each use to ensure they are free from damage and defects.
- Do not exceed the manufacturer's recommended shot size and type for use with the choke tubes.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that you are using the correct gauge choke tube for your firearm (20 Gauge).
- Use only the recommended ammunition, specifically Federal Premium® Heavyweight® TSS Turkey Loads or similar (shot sizes 79).
- Do not use steel shot larger than #4 in the choke tubes.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow all local hunting regulations and guidelines.

## Instructions for Installation and Usage

### 1. Installation of Choke Tube:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Use the appropriate choke tube wrench to remove the existing choke tube from the barrel.
- Clean the threads of the barrel and the choke tube before installation.
- Screw the TSS Turkey Choke Tube into the barrel by hand until snug.
- Use the choke tube wrench to tighten the choke tube securely, but do not overtighten.

### 2. Usage Instructions:

- Load your firearm with the appropriate ammunition (Federal Premium® Heavyweight® TSS Turkey Loads or similar).
- Aim your firearm at the target, ensuring a clear line of sight and safe backdrop.
- Follow all safety protocols while shooting, including keeping the firearm pointed in a safe direction.
- After use, unload your firearm and store it securely.

## Disposal Instructions

- Dispose of used choke tubes according to local regulations.
- Do not dispose of choke tubes in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product-related questions, please refer to the contact details provided by the retailer or manufacturer. Always ensure you have the latest information regarding recalls or safety updates.

By following these guidelines, you can ensure the safe and effective use of your TSS Turkey Choke Tubes. Thank you for prioritizing safety and responsible hunting practices.
