

PMAG® AR/M4 GEN M3"! 5.56X45 NATO RIFLE MAGAZINE FOR AR-15 - MAGPUL PMAG GEN M3 5.56/.223 30RD FOR AR15 COYOTE 10/PACK

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

Super-Durable & Ultra-Dependable PMAG Refined & Battle-Hardened By Combat Experience

The next-generation PMAG AR/M4 GEN M3 is a 30-round polymer magazine for AR15/M4 compatible weapons chambered in 5.56x45 NATO / .223 Remington. Along with expanded feature set and compatibility, the GEN M3 incorporates new material technology and manufacturing processes for enhanced strength, durability, and reliability that exceed rigorous military performance specifications. While the GEN M3 is optimized for Colt-spec AR15/M4 platforms, modified internal and external geometry also permits operation with a range of additional weapons, such as the HK® 416/MR556A1/M27 IAR, British SA-80, FN® SCAR™ MK 16/16S, and others. Similar to the MOE® PMAG, the GEN M3 features a long-life USGI-spec stainless steel spring for commonality, a four-way anti-tilt follower, constant-curve internal geometry for reliable feeding, and simple tool-less disassembly for easy cleaning. The PMAG GEN M3 also includes a redesigned bolt catch notch in the rear of the magazine that provides increased bolt catch clearance, while an over-travel stop on the spine helps ensure the magazine will not over-insert on compatible weapons. Low profile ribs and new, aggressive front and rear texture give positive control of the GEN M3 in all environments, and a paint pen dot matrix has been added to the bottom panel of the body to allow easy marking for identification. The new, easy to disassemble flared floorplate aids extraction and handling of the magazine while providing improved drop protection, but is slightly slimmer than before for better compatibility with tight double and triple magazine pouches. FEATURES 30 or 40-round reliability with no stoppages Easy Identification - Use the paint pen dot matrix to easily identify your different loads when it's crunch time Advanced follower- The anti-tilt, self-lubricating follower ensures a smooth feed and magazine reliability Slimline floorplate - Improved flared floorplate aids magazine handling and disassembly and is slim enough for use with many double and triple pouches Next-generation impact and crush-resistant polymer construction that includes constant-curve internal geometry for smooth feeding Modified dimensions allow for wider compatibility with non Colt-spec 'STANAG 4179' platforms Constant-curve internal geometry, over-travel insertion stop on the spine, and a long-life stainless steel spring ensure smooth feeding Made in the USA. SPECS Caliber: 5.56x45mm / .223 Remington Platform: AR15, M4, M16, SA-80 Capacity: 30 or 40 Rounds depending on magazine Weight: 5 oz. Length, max: 7.5 in. Compatibility: Wide compatibility with most 'STANAG 4179' platforms such as the AR15, M4, M16, SCAR MK16/16S, HK416, MR556, M27 IAR, IWI Tavor, and others

PMAG AR/M4 GEN M3 Safety Instruction Guide

Introduction

Thank you for choosing the PMAG AR/M4 GEN M3 5.56x45 NATO Rifle Magazine. This guide provides essential safety instructions to ensure the safe use, handling, and disposal of your magazine. Please read this guide thoroughly before use.

General Safety Guidelines

- Ensure that the magazine is compatible with your firearm model before use.
- Always handle the magazine with care to avoid damage.
- Store the magazine in a cool, dry place away from direct sunlight.
- Regularly inspect the magazine for any signs of wear or damage.
- Keep the magazine out of reach of children and unauthorized users.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before inserting or removing the magazine.
- Use only 5.56mm/.223 ammunition to avoid malfunction or damage.
- Avoid using the magazine in extreme temperatures or harsh environmental conditions.
- Do not attempt to modify or disassemble the magazine beyond the recommended disassembly process.
- Be cautious of the magazine's overtravel stop to prevent overinsertion in compatible firearms.
- When cleaning the magazine, ensure it is completely disassembled and free of ammunition.

Instructions for Installation and Usage

• Installation:

1. Ensure your firearm is pointed in a safe direction and is unloaded.
2. Align the magazine with the magazine well of your firearm.
3. Firmly push the magazine into the well until it clicks into place.

• Usage:

1. Load the magazine with compatible ammunition, ensuring it is seated properly.
2. Insert the loaded magazine into the firearm as described in the installation section.
3. To remove the magazine, press the magazine release button while pulling the magazine out of the well.

• Disassembly for Cleaning:

1. Ensure the magazine is empty and the firearm is unloaded.
2. Locate the floorplate and gently press it to release.
3. Remove the follower and spring for cleaning.
4. Clean all components with a soft cloth and mild cleaner.
5. Reassemble the magazine by reversing the disassembly steps.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations.
- If the magazine is damaged or no longer usable, consider recycling it if possible.
- Do not dispose of the magazine in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the PMAG AR/M4 GEN M3, please contact the manufacturer or an authorized dealer for assistance. Ensure you have the product details ready for efficient support.

Thank you for your attention to these safety instructions. Your safety is our priority.
