

AR-15 PINNED GAS BLOCK 300 BLACKOUT RIFLE BARREL - FAXON FIREARMS 300 BLK 10.5" 1-8 GUNNER CONTOUR BBL W/PINNED GAS BLOCK NITR

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

If you're looking for a more robust mounting method for your gas block... look no further. Pinning your gas block, in addition to the use of set screws, gives the user the extra piece of mind that your gas block won't shift or loosen while firing. Faxon took some of their most popular barrel models and took the biggest headache out of pinning your gas block by pre-notching the gas block journal and drilling corresponding holes in the included low profile gas block. Each Pinned Gas Block Barrel comes with the pin, as well as a gas block. Gas blocks are hand-tightened to the barrel for shipping. The Gunner profile is a blend of two of the best performing profiles of all time, Gov't and Pencil. Faxon's Gunner profile combines the durability of the Gov't profile with the weight savings and maneuverability of the Pencil profile. The Gunner profile brings the balance of the rifle back towards the shooter's body, limiting fatigue, and allowing for shooting, training, or hunting all day long. Faxon Firearms barrels are the pinnacle of value. Manufactured in-house in Cincinnati, Ohio, Faxon barrels are fully stress relieved, air-gauge tested, and 11 degree target crowned to ensure superior accuracy. Quality is imbued into their barrels from the beginning of the manufacturing process.. Faxon start with the best materials, either certified 4150 Mil-Spec steel or 416-R Stainless. From there, each barrel goes through a battery of tests at each operation until finished in Nitride and final inspected. All barrels are individually checked for headspace with precision PTG gauges. Safety Instruction Guide for AR15 Pinned Gas Block 300 Blackout Rifle Barrel

Introduction

Thank you for choosing the AR15 Pinned Gas Block 300 Blackout Rifle Barrel from Faxon Firearms. This guide provides essential safety instructions to ensure the safe use and maintenance of your product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure you are familiar with local laws regarding firearm ownership and usage.
- Inspect the product before each use to ensure it is in good working condition.
- Use appropriate protective gear, including eye and ear protection, when firing.
- Never point the firearm at anything you do not intend to shoot.
- Keep the firearm unloaded until ready to use.
- Store the firearm safely and securely when not in use.
- Be aware of your surroundings and ensure a clear shooting area.

Specific Safety Precautions for Use

- Ensure the gas block is properly pinned and secured before use to prevent shifting or loosening while firing.
- Only use ammunition that is compatible with the 300 Blackout caliber.
- Check the barrel for obstructions before loading.
- Do not exceed the manufacturer's recommended specifications for ammunition and accessories.
- Keep the firearm clean and wellmaintained to ensure safe operation.
- Follow all manufacturer instructions for installation and usage of the gas block and barrel.

Instructions for Installation and Usage

Installation

1. **Preparation:** Gather all necessary tools and ensure you are in a welllit, safe area for installation.
2. **Inspect the Gas Block:** Check the gas block for any damage or defects.
3. **Align the Gas Block:** Position the gas block on the barrel, ensuring it is aligned with the prenotched journal.
4. **Insert the Pin:** Use the included pin to secure the gas block in place. Ensure it is fully seated.
5. **Tighten the Set Screws:** Handtighten the set screws to secure the gas block further. Do not overtighten.
6. **Check Alignment:** Verify that the gas block is aligned correctly with the barrel.
7. **Final Inspection:** Inspect the installation for any signs of improper installation before proceeding to use the firearm.

Usage

- Load the firearm according to the manufacturer's instructions.
- Fire the firearm in a safe and controlled environment.
- Monitor the gas block during use for any signs of movement or loosening.
- After use, allow the firearm to cool before cleaning or inspecting.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearm components.
- Do not dispose of the product in regular household waste.
- Contact local authorities or a licensed firearms dealer for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of your AR15 Pinned Gas Block 300 Blackout Rifle Barrel, please refer to the manufacturer's contact information provided with your product.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your AR15 Pinned Gas Block 300 Blackout Rifle Barrel. Stay safe and responsible while handling firearms.
