

MUZZLOK® 5.56X45MM NATO FLASH HIDER - FAXON FIREARMS

MUZZLOK 458 &450 PORTED FLASH HIDER NITRIDE BLACK

[Rifle Parts](#) > [Muzzle Devices](#) > [Flash Hiders](#)

Faxon's invented "MuzzLok" feature on this device allows for easy timing and installation of your device without the need for a crush washer or shims. By using the extension nut to adjust the length of the device, you can adjust the rotational timing. It is recommended that you tighten the device to the recommended torque specification of 20-25 foot pounds. By not having to overcome the resistance of the crush washer, this allows devices to be removed and reinstalled in the field if desired. FEATURES No crush washer needed. Attach and remove in the field. Time your muzzle device quickly and easily. SPECS Caliber: 5.56 .23 lbs 2.75" tall .875" in diameter Note: Cannot be shipped to CA

MUZZLOK® 5.56X45MM NATO FLASH HIDER

SAFETY INSTRUCTIONS

Introduction

Thank you for purchasing the MUZZLOK® 5.56X45MM NATO Flash Hider from Faxon Firearms. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

General Safety Guidelines

- Always handle firearms and their components with care and respect.
- Ensure that the MUZZLOK Flash Hider is compatible with your firearm before installation.
- Follow all local laws and regulations regarding the use of muzzle devices.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for wear and tear. Replace if damaged.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not exceed the recommended torque specification of 2025 foot pounds when installing the flash hider.
- Ensure the firearm is unloaded before installing or removing the flash hider.
- Avoid using excessive force when attaching or detaching the device to prevent damage.
- Be aware of the potential for muzzle rise and flash when firing.
- Use appropriate eye and ear protection while firing.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a torque wrench.

2. Installation

- Remove any existing muzzle device, if applicable.
- Clean the threads of the barrel to ensure a proper fit.
- Align the MUZZLOK Flash Hider with the barrel threads.
- Use the extension nut to adjust the length and rotational timing of the device.
- Tighten the flash hider to the recommended torque specification of 2025 foot pounds.

3. Usage

- Confirm that the flash hider is securely attached before firing.
- Monitor the performance of the flash hider during use, checking for any signs of loosening or damage.

4. Removal

- To remove the flash hider, ensure the firearm is unloaded.
- Use the appropriate tools to unscrew the flash hider from the barrel.

Disposal Instructions

- Dispose of the MUZZLOK Flash Hider in accordance with local regulations regarding firearm components.
- Do not dispose of in regular household waste. Contact local authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further support regarding the MUZZLOK Flash Hider, please refer to the contact information provided with your purchase.

By following these guidelines, you can ensure the safe and effective use of your MUZZLOK® 5.56X45MM NATO Flash Hider. Thank you for prioritizing safety!
