# Safety Instruction Guide for Cold Hammer Forged 5.56X45 MidLength Barrels

## Introduction

Thank you for choosing the Cold Hammer Forged 5.56X45 MidLength Barrel. This product is designed for use with AR15 platforms and is manufactured to high safety standards. It is essential to understand and follow the safety guidelines and usage instructions to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the barrel is only installed on compatible firearm platforms (AR15).
- Always confirm that the firearm is unloaded before installation or handling.
- Follow all local laws and regulations regarding the use of firearms and firearm accessories.
- Keep the barrel out of reach of children and unauthorized users.
- Regularly inspect the barrel for any signs of damage or wear.
- Use appropriate personal protective equipment (PPE) when handling tools and firearms, such as safety glasses and gloves.
- Do not modify the barrel or use it in ways not intended by the manufacturer.
- Report any unsafe conditions or accidents to local authorities.

## Specific Safety Precautions for Use

- Only use ammunition that is compatible with the 5.56 NATO chamber.
- Ensure that the barrel is properly installed and secured before use.
- Do not exceed the recommended twist rate and gas system specifications.
- Be aware of potential hazards associated with firing a firearm, including recoil and noise.
- Always use the firearm in a safe and controlled environment, away from people and property.
- If you experience any malfunctions or irregularities while using the barrel, cease operation immediately and seek professional assistance.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel from the AR15 lower receiver.
- Clean the barrel extension and ensure it is free of debris.
- Align the Cold Hammer Forged barrel with the receiver and ensure the M4 Feed Ramp Extension fits properly.
- Secure the barrel using the appropriate torque specifications and tools.
- Install the pinned lopro gas block according to the manufacturer's instructions.
- Ensure that the muzzle is threaded correctly (1/2x28) and securely attached.

### 2. Usage

- Load the firearm with compatible 5.56 NATO ammunition.
- Ensure the safety is engaged until you are ready to fire.
- Aim only at targets that are safe and intended for shooting.
- After firing, ensure the firearm is cleared and cleaned according to the manufacturer's guidelines.

## Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding firearms and firearm accessories.
- Do not dispose of the barrel in regular household waste.
- Contact local recycling or hazardous waste facilities for proper disposal options.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or product specifications, please refer to the manufacturer's contact information provided in the product documentation. Always ensure that you are following the latest guidelines and updates from the EU Safety Gate system regarding product recalls and safety notices.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation while using the Cold Hammer Forged 5.56X45 MidLength Barrel. Your attention to these guidelines helps ensure a safe and enjoyable experience with your firearm.
