

# SIX PACK PRO PRESS KIT - LEE PRECISION SIX PACK PRO PRESS KIT 38 SPECIAL

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

The culmination of nearly 40 years of progressive press design and production. Years of comments and suggestions have been incorporated into this new press. Pistol Six Pack Pro Kit includes: Six pack progressive press, Auto drum powder measure, shell plate, Universal case feed magazine, and Lee breech lock dies (carbide full length sizing die, powder through expanding die, bullet seating die, and instructions with load data). Carbide factory crimp die is sold separately, available as an accessory. Rifle Six Pack Pro Kit includes Six pack progressive press, Auto drum powder measure, shell plate, Universal case feed magazine, and Lee breech lock dies (full length sizing die, short charging die, easy adjust dead length bullet seating die, factory crimp die and instructions with load data). Features: Six stations allow any brand of die be used -- in line bullet feed dies, powder check dies and such. Simple and reliable automatic indexing -- just one moving part, replaceable in seconds, no tools required and never requires adjustment. Stroke and clearance sufficient for largest magnum rifle cases. Uses the same all steel linkage found on our Classic Cast 50 BMG press. Massive 28.4mm ram glides through 82 mm of solid steel giving the ram over 7300 mm<sup>2</sup> of solid support. Spent primer tube collects dirty, gritty spent primers. All dies securely fastened in the upper die carrier with Lee Smart Lock bushings. No more turret or tool head to replace or move during use. Automatic priming system - simple, reliable and safe with any brand or size of primer. Primes at the bottom of stroke so all six stations are available for operations. Automatic case inserter works with any case. Cases can be manually fed through the convenient loading port. Includes the Lee case feed magazine, works with most hand gun cases and all AR rifle cases. Easy to set case retainers on every station. No springs, plugs or buttons to loose or tinker with. Cartridge changeover in seconds, including primer size with no adjustments. Automatic case ejector reliably whisks away your completed round to the ammo bin. Press includes combination tool rack, bin bracket, along with free ammo bin.

## Attributes

- Name: [LEE PRECISION SIX PACK PRO PRESS KIT 38 SPECIAL](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430108730
- Mfr. No.: 91903
- Cartridge: 38 Special
- Delivery weight: 8.618kg
- Shipping height: 260mm
- Shipping width: 276mm
- Shipping length: 460mm
- UPC: 734307919030

# SIX PACK PRO PRESS KIT Safety Instruction Guide

## Introduction

Thank you for choosing the SIX PACK PRO PRESS KIT by Lee Precision. This guide is designed to ensure the safe and effective use of your progressive press. Please read this safety instruction guide thoroughly before using the product to understand the necessary precautions and proper usage.

## General Safety Guidelines

- Ensure that the press is used in a wellventilated area away from children and pets.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when operating the press.
- Keep the work area clean and organized to prevent accidents.
- Do not operate the press if you are tired, under the influence of drugs or alcohol, or if you are feeling unwell.
- Always follow the manufacturer's instructions for loading, unloading, and operating the press.
- Regularly inspect the press for any signs of wear or damage before use. Do not use a damaged press.
- If you are unsure about any aspect of using the press, seek assistance from a knowledgeable individual.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Potential hazards include injury from moving parts, improper handling of ammunition components, and exposure to lead dust.

### • Avoiding Hazards:

- Keep hands and clothing clear of moving parts while the press is in operation.
- Use the press only for its intended purpose reloading ammunition.
- Ensure that all components, including dies and shell plates, are securely fastened before operation.
- Avoid using excessive force when operating the press to prevent injury or damage.

### • Age Restrictions:

- This product is intended for use by adults only. Keep out of reach of children.
- If a minor is assisting in the operation, they must be supervised by a responsible adult at all times.

## Instructions for Installation and Usage

### 1. Installation:

- Place the press on a sturdy, stable workbench that can support its weight and withstand the forces exerted during operation.
- Secure the press using the provided mounting hardware to prevent movement during use.
- Ensure that the press is level and properly aligned for optimal operation.

### 2. Setup:

- Install the shell plate and dies as per the included instructions.
- Set up the auto drum powder measure according to the manufacturer's guidelines.
- Attach the universal case feed magazine securely to the press.

### **3. Operation:**

- Begin by ensuring that all components are properly installed and that the press is clear of any obstructions.
- Load cases into the case feed magazine and manually feed them through the loading port if necessary.
- Follow the instructions for priming, charging, and seating bullets as outlined in the manual.
- Always check for proper function before starting a reloading session and perform a test run with dummy rounds.

### **4. PostUse:**

- After completing the reloading process, clean the press to remove any powder residue and debris.
- Store the press in a dry environment away from moisture to prevent rust and corrosion.

## **Disposal Instructions**

- Dispose of any used components, such as spent primers and powder, in accordance with local regulations for hazardous waste.
- Do not dispose of ammunition or components in regular household waste.
- Check with local authorities for proper disposal methods and facilities for hazardous materials.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or technical support, please refer to the manufacturer's contact information included with your product packaging.

By following these guidelines, you can ensure a safe and enjoyable experience while using the SIX PACK PRO PRESS KIT. Thank you for your attention to these important safety measures.
