

# SIX PACK PRO PRESS KIT - LEE PRECISION SIX PACK PRO PRESS KIT 380 AUTO

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

The culmination of nearly 40 years of progressive press design and production. Years of comments and suggestions have been incorporated into this new press. Pistol Six Pack Pro Kit includes: Six pack progressive press, Auto drum powder measure, shell plate, Universal case feed magazine, and Lee breech lock dies (carbide full length sizing die, powder through expanding die, bullet seating die, and instructions with load data). Carbide factory crimp die is sold separately, available as an accessory. Rifle Six Pack Pro Kit includes Six pack progressive press, Auto drum powder measure, shell plate, Universal case feed magazine, and Lee breech lock dies (full length sizing die, short charging die, easy adjust dead length bullet seating die, factory crimp die and instructions with load data). Features: Six stations allow any brand of die be used -- in line bullet feed dies, powder check dies and such. Simple and reliable automatic indexing -- just one moving part, replaceable in seconds, no tools required and never requires adjustment. Stroke and clearance sufficient for largest magnum rifle cases. Uses the same all steel linkage found on our Classic Cast 50 BMG press. Massive 28.4mm ram glides through 82 mm of solid steel giving the ram over 7300 mm<sup>2</sup> of solid support. Spent primer tube collects dirty, gritty spent primers. All dies securely fastened in the upper die carrier with Lee Smart Lock bushings. No more turret or tool head to replace or move during use. Automatic priming system - simple, reliable and safe with any brand or size of primer. Primes at the bottom of stroke so all six stations are available for operations. Automatic case inserter works with any case. Cases can be manually fed through the convenient loading port. Includes the Lee case feed magazine, works with most hand gun cases and all AR rifle cases. Easy to set case retainers on every station. No springs, plugs or buttons to loose or tinker with. Cartridge changeover in seconds, including primer size with no adjustments. Automatic case ejector reliably whisks away your completed round to the ammo bin. Press includes combination tool rack, bin bracket, along with free ammo bin.

## Attributes

- Name: [LEE PRECISION SIX PACK PRO PRESS KIT 380 AUTO](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430108734
- Mfr. No.: 91902
- Cartridge: -
- Delivery weight: 8.641kg
- Shipping height: 260mm
- Shipping width: 276mm
- Shipping length: 460mm
- UPC: 734307919023

# Safety Instruction Guide for the SIX PACK PRO PRESS KIT

## Introduction

Thank you for choosing the SIX PACK PRO PRESS KIT from Lee Precision. This guide provides important safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the press kit.

## General Safety Guidelines

- Ensure that the press kit is used only for its intended purpose as described in the product manual.
- Always follow the manufacturer's instructions for setup, operation, and maintenance.
- Keep the press kit out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the press.
- Inspect the press kit regularly for any signs of wear or damage. Do not use if any parts are damaged.
- Report any unsafe conditions or accidents immediately to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- Before using the press kit, ensure that your workspace is clean and free of clutter.
- Do not exceed the manufacturer's recommended limits for materials and components.
- Keep hands and other body parts clear of moving parts during operation to avoid injury.
- Ensure that all dies and components are securely fastened before starting the press.
- Use the automatic priming system only with compatible primers.
- Be aware of the stroke and clearance of the ram to avoid jams or misfeeds.
- Do not attempt to modify or alter the press kit in any way, as this may compromise safety.
- Always follow the instructions for loading and unloading cases to prevent accidents.

## Instructions for Installation and Usage

### 1. Unpacking the Press Kit

- Carefully remove the press kit from the packaging.
- Inspect all components for damage or missing parts.

### 2. Setting Up the Press Kit

- Place the press kit on a stable, flat surface that can support its weight.
- Secure the press kit to the work surface using the appropriate fasteners if necessary.
- Install the shell plate and dies according to the manufacturer's instructions.

### 3. Loading Cases

- Use the Universal case feed magazine to load cases into the press.
- Ensure that cases are properly aligned before operation.

### 4. Operating the Press

- Start the press by activating the automatic indexing feature.
- Monitor the operation closely to ensure smooth functioning.

- Use the automatic case inserter for efficient feeding of cases.

## 5. Ejecting Completed Rounds

- Allow the automatic case ejector to remove completed rounds to the ammo bin.
- Check the ammo bin regularly to prevent overflow.

## 6. Cleaning and Maintenance

- Regularly clean the press kit to remove any debris or residue.
- Lubricate moving parts as per the manufacturer's recommendations.

# Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the press kit becomes damaged beyond repair, contact your local waste management authority for proper disposal methods.
- Do not dispose of any electronic components in regular trash; follow electronic waste disposal guidelines.

# Contact Information for Further Support

For any inquiries regarding safety, usage, or support, please refer to the manufacturer's contact information provided in the product documentation. It is important to have this information readily available for any safety concerns or questions you may have.

Thank you for your attention to these safety instructions. Enjoy your experience with the SIX PACK PRO PRESS KIT, and always prioritize safety in your reloading activities.
