

SIX PACK PRO PRESS KIT - LEE PRECISION SIX PACK PRO PRESS KIT 44 SPECIAL

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

The culmination of nearly 40 years of progressive press design and production. Years of comments and suggestions have been incorporated into this new press. Pistol Six Pack Pro Kit includes: Six pack progressive press, Auto drum powder measure, shell plate, Universal case feed magazine, and Lee breech lock dies (carbide full length sizing die, powder through expanding die, bullet seating die, and instructions with load data). Carbide factory crimp die is sold separately, available as an accessory. Rifle Six Pack Pro Kit includes Six pack progressive press, Auto drum powder measure, shell plate, Universal case feed magazine, and Lee breech lock dies (full length sizing die, short charging die, easy adjust dead length bullet seating die, factory crimp die and instructions with load data). Features: Six stations allow any brand of die be used -- in line bullet feed dies, powder check dies and such. Simple and reliable automatic indexing -- just one moving part, replaceable in seconds, no tools required and never requires adjustment. Stroke and clearance sufficient for largest magnum rifle cases. Uses the same all steel linkage found on our Classic Cast 50 BMG press. Massive 28.4mm ram glides through 82 mm of solid steel giving the ram over 7300 mm² of solid support. Spent primer tube collects dirty, gritty spent primers. All dies securely fastened in the upper die carrier with Lee Smart Lock bushings. No more turret or tool head to replace or move during use. Automatic priming system - simple, reliable and safe with any brand or size of primer. Primes at the bottom of stroke so all six stations are available for operations. Automatic case inserter works with any case. Cases can be manually fed through the convenient loading port. Includes the Lee case feed magazine, works with most hand gun cases and all AR rifle cases. Easy to set case retainers on every station. No springs, plugs or buttons to loose or tinker with. Cartridge changeover in seconds, including primer size with no adjustments. Automatic case ejector reliably whisks away your completed round to the ammo bin. Press includes combination tool rack, bin bracket, along with free ammo bin.

Safety Instruction Guide for the SIX PACK PRO PRESS KIT

Introduction

Thank you for choosing the SIX PACK PRO PRESS KIT by Lee Precision. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your progressive press kit. Please read this document carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the press kit by following all instructions. This product is designed for nonfood purposes.
- **Enhanced Recalls:** Be aware of standardized recall notices. In case of any product-related issues, remedies will be provided at no cost.
- **Online Shopping:** If purchased online, you have the same safety protections as if you bought it in a physical store.
- **Special Consumer Focus:** Extra care should be taken when using this product around children. Keep all components out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the EU-based contact information provided with your product.
- **Rapid Alerts:** Stay informed about any safety updates regarding the product through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Read the Manual:** Always read and understand the user manual before operating the press.
- **Personal Protective Equipment (PPE):** Wear appropriate PPE, such as safety glasses and gloves, while using the press.
- **Stable Surface:** Ensure the press is set up on a stable, level surface to prevent tipping or movement during use.
- **Avoid Distractions:** Do not operate the press if you are fatigued, distracted, or under the influence of substances.
- **Check for Damage:** Before each use, inspect the press and all components for any signs of damage or wear.
- **Proper Handling of Components:** Handle all dies and tools carefully to avoid injury.
- **Keep Area Clean:** Maintain a clean workspace to prevent accidents and ensure efficient operation.
- **Follow Load Data:** Always adhere to the load data provided in the instructions to avoid overloading the press.

Instructions for Installation and Usage

1. Unpacking:

- Remove all components from the packaging.
- Check for completeness against the included parts list.

2. Assembly:

- Follow the assembly instructions in the user manual.
- Ensure all parts are securely fastened before operation.

3. Setup:

- Place the press on a stable, sturdy workbench.
- Adjust the height of the press to a comfortable working position.

4. Loading the Press:

- Install the shell plate and ensure it is properly secured.
- Attach the Auto drum powder measure according to the manual.
- Insert the appropriate Lee breech lock dies into the upper die carrier.

5. Operation:

- Follow the stepbystep loading procedure outlined in the user manual.
- Use the automatic indexing feature to transition between operations smoothly.
- Monitor the operation closely to ensure no malfunctions occur.

6. Ejecting Completed Rounds:

- Use the automatic case ejector to remove finished rounds safely.
- Ensure that the ammo bin is positioned correctly to catch completed rounds.

Disposal Instructions

- **Disposal of Packaging:** Dispose of all packaging materials in accordance with local recycling regulations.
- **EndofLife Product Disposal:** When the press reaches the end of its usable life, dispose of it according to local electronic waste disposal regulations.
- **Hazardous Materials:** If any components are deemed hazardous, follow local guidelines for their safe disposal.

Contact Information for Further Support

For any questions or further assistance regarding the SIX PACK PRO PRESS KIT, please refer to the contact information provided with your product packaging or visit the official Lee Precision website.

By following these safety instructions and guidelines, you will ensure a safe and effective experience with your SIX PACK PRO PRESS KIT. Thank you for your attention to safety, and enjoy your reloading process!
