

SIX PACK PRO PRESS KIT - LEE PRECISION SIX PACK PRO PRESS KIT 32 S&W LONG

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

The culmination of nearly 40 years of progressive press design and production. Years of comments and suggestions have been incorporated into this new press. Pistol Six Pack Pro Kit includes: Six pack progressive press, Auto drum powder measure, shell plate, Universal case feed magazine, and Lee breech lock dies (carbide full length sizing die, powder through expanding die, bullet seating die, and instructions with load data). Carbide factory crimp die is sold separately, available as an accessory. Rifle Six Pack Pro Kit includes Six pack progressive press, Auto drum powder measure, shell plate, Universal case feed magazine, and Lee breech lock dies (full length sizing die, short charging die, easy adjust dead length bullet seating die, factory crimp die and instructions with load data). Features: Six stations allow any brand of die be used -- in line bullet feed dies, powder check dies and such. Simple and reliable automatic indexing -- just one moving part, replaceable in seconds, no tools required and never requires adjustment. Stroke and clearance sufficient for largest magnum rifle cases. Uses the same all steel linkage found on our Classic Cast 50 BMG press. Massive 28.4mm ram glides through 82 mm of solid steel giving the ram over 7300 mm² of solid support. Spent primer tube collects dirty, gritty spent primers. All dies securely fastened in the upper die carrier with Lee Smart Lock bushings. No more turret or tool head to replace or move during use. Automatic priming system - simple, reliable and safe with any brand or size of primer. Primes at the bottom of stroke so all six stations are available for operations. Automatic case inserter works with any case. Cases can be manually fed through the convenient loading port. Includes the Lee case feed magazine, works with most hand gun cases and all AR rifle cases. Easy to set case retainers on every station. No springs, plugs or buttons to loose or tinker with. Cartridge changeover in seconds, including primer size with no adjustments. Automatic case ejector reliably whisks away your completed round to the ammo bin. Press includes combination tool rack, bin bracket, along with free ammo bin.

Safety Instruction Guide for the SIX PACK PRO PRESS KIT

Introduction

Thank you for choosing the SIX PACK PRO PRESS KIT by Lee Precision. This guide provides essential safety instructions and information to ensure the safe and effective use of your progressive press. Please read this guide carefully before using the product.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, dry, and welllit.
- Keep the press out of reach of children and vulnerable individuals.
- Regularly inspect the press for any signs of wear or damage before use.
- Do not attempt to modify the press or use it for purposes other than its intended use.
- When using the press, wear appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Store the press in a safe location when not in use to prevent accidents.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The press involves moving parts and can pose pinching hazards.
 - Use caution when operating the press to avoid injury.
- **Avoiding Hazards:**
 - Keep hands and loose clothing away from moving parts during operation.
 - Ensure that all tools and accessories are properly secured before starting.
 - Do not overload the press beyond its specified limits.
 - Always use the correct die for the cartridge being loaded.
- **AgeSpecific Warnings:**
 - This product is not intended for use by individuals under the age of 18.
 - If used by minors, they should be supervised by an adult at all times.

Instructions for Installation and Usage

1. Installation:

- Place the press on a sturdy, stable surface.
- Ensure that the press is level and securely mounted to prevent movement during operation.
- Attach the appropriate shell plate and dies as per the instructions provided.

2. Usage:

- Follow the stepbystep instructions included with the press for loading cartridges.
- Use the automatic indexing feature as described in the manual.
- Regularly check the powder measure for accuracy and adjust as needed.
- Use the automatic priming system carefully, ensuring primers are seated correctly.

- After completing a round, utilize the automatic case ejector to safely remove the finished cartridge.

3. Maintenance:

- Regularly clean the press to remove debris and spent primers.
- Lubricate moving parts as recommended in the manual to ensure smooth operation.
- Replace any worn or damaged parts immediately to maintain safety.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- When the press reaches the end of its life cycle, dispose of it in accordance with local electronic waste regulations.
- Remove and dispose of any hazardous materials, such as spent primers and powder, according to local laws.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact details provided in the product packaging or on the official website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your SIX PACK PRO PRESS KIT. Always prioritize safety and adhere to the guidelines set forth to protect yourself and others.
