Safety Instruction Guide for Lee Undersize Flash Hole Decapping Die

Introduction

Thank you for choosing the Lee Undersize Flash Hole Universal Decapping Die. This product is designed for those who clean cases before reloading. It is important to follow the safety instructions provided in this guide to ensure safe and effective use of the product.

General Safety Guidelines

- Always inspect the die before use to ensure it is in good condition.
- Keep the die out of reach of children and vulnerable individuals.
- Use the die only for its intended purpose as outlined in this guide.
- Be aware of your surroundings and ensure a clean, organized workspace while using the die.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that all cases are boxerprimed and have undersized flash holes before using the die.
- Do not attempt to size cases with this die; it is designed solely for depriming.
- Avoid using cases that exceed .560 inches in diameter or are longer than 3.125 inches.
- Always wear safety glasses to protect your eyes from debris during the depriming process.
- Use appropriate personal protective equipment (PPE) as necessary, such as gloves, when handling brass cases.

Instructions for Installation and Usage

1. Installation:

- Secure the die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to avoid movement during operation.

2. Usage:

- Place the brass case into the shell holder of your reloading press.
- Pull the handle of the press to lower the decapping pin into the case.
- Once the primer has been removed, raise the handle to complete the process.
- Inspect the case to ensure that the primer has been fully deprimed.

Disposal Instructions

- Dispose of spent primers and any debris in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the Lee Undersize Flash Hole Universal Decapping Die, please refer to the manufacturer's website or customer support resources.

Please remember that following these safety instructions is crucial for ensuring a safe reloading experience. Always prioritize safety and report any issues as necessary. Thank you for your attention to these guidelines.
