## Super-Durable & Ultra-Dependable PMAG Refined & Battle-Hardened By Combat Experience

The next-generation PMAG AR/M4 GEN M3 is a 30-round polymer magazine for AR15/M4 compatible weapons chambered in 5.56x45 NATO / .223 Remington. Along with expanded feature set and compatibility, the GEN M3 incorporates new material technology and manufacturing processes for enhanced strength, durability, and reliability that exceed rigorous military performance specifications. While the GEN M3 is optimized for Colt-spec AR15/M4 platforms, modified internal and external geometry also permits operation with a range of additional weapons, such as the HK® 416/MR556A1/M27 IAR, British SA-80, FN® SCAR™ MK 16/16S, and others. Similar to the MOE® PMAG, the GEN M3 features a long-life USGI-spec stainless steel spring for commonality, a four-way anti-tilt follower, constant-curve internal geometry for reliable feeding, and simple tool-less disassembly for easy cleaning. The PMAG GEN M3 also includes a redesigned bolt catch notch in the rear of the magazine that provides increased bolt catch clearance, while an over-travel stop on the spine helps ensure the magazine will not over-insert on compatible weapons. Low profile ribs and new, aggressive front and rear texture give positive control of the GEN M3 in all environments, and a paint pen dot matrix has been added to the bottom panel of the body to allow easy marking for identification. The new, easy to disassemble flared floorplate aids extraction and handling of the magazine while providing improved drop protection, but is slightly slimmer than before for better compatibility with tight double and triple magazine pouches. FEATURES 30 or 40-round reliability with no stoppages Easy Identification - Use the paint pen dot matrix to easily identify your different loads when it's crunch time Advanced follower- The anti-tilt, self-lubricating follower ensures a smooth feed and magazine reliability Slimline floorplate - Improved flared floorplate aids magazine handling and disassembly and is slim enough for use with many double and triple pouches Next-generation impact and crush-resistant polymer construction that includes constant-curve internal geometry for smooth feeding Modified dimensions allow for wider compatibility with non Colt-spec 'STANAG 4179' platforms Constant-curve internal geometry, over-travel insertion stop on the spine, and a long-life stainless steel spring ensure smooth feeding Made in the USA. SPECS Caliber: 5.56x45mm / .223 Remington Platform: AR15, M4, M16, SA-80 Capacity: 30 or 40 Rounds depending on magazine Weight: 5 oz. Length, max: 7.5 in. Compatibility: Wide compatibility with most 'STANAG 4179' platforms such as the AR15, M4, M16, SCAR MK16/16S, HK416, MR556, M27 IAR, IWI Tavor, and others

# PMAG® AR/M4 GEN M3 Safety Instruction Guide

## Introduction

Thank you for choosing the PMAG® AR/M4 GEN M3 5.56x45 NATO Rifle Magazine. This guide provides essential safety instructions to ensure the safe and effective use of your magazine. Please read this guide carefully before use and keep it for future reference.

## General Safety Guidelines

- Always handle the magazine as if it is loaded.
- Keep the magazine away from children and unauthorized users.
- Store the magazine in a cool, dry place when not in use.
- Regularly inspect the magazine for any signs of damage or wear.
- Do not use the magazine with incompatible firearms.
- Follow all local laws and regulations regarding firearm accessories.

## Specific Safety Precautions for Use

- Ensure the firearm is pointed in a safe direction when loading or unloading the magazine.
- Avoid using the magazine if it shows signs of damage or malfunctions.
- Do not attempt to disassemble the magazine unless following the provided instructions.
- Use only approved ammunition types (5.56mm/.223 Remington) to avoid potential hazards.
- Be cautious of the magazine's surroundings during loading and unloading to prevent accidents.

## Instructions for Installation and Usage

### 1. Loading the Magazine:

- Ensure the firearm is in a safe condition.
- Hold the magazine with the feed lips facing upward.
- Insert the ammunition into the magazine, ensuring the rounds are aligned properly.
- Use the antitilt follower to ensure smooth loading.

### 2. Inserting the Magazine:

- With the firearm pointed in a safe direction, align the magazine with the magazine well.
- Firmly push the magazine into the well until it clicks into place.

### 3. Removing the Magazine:

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button and pull the magazine out of the well.

### 4. Disassembly for Cleaning:

- Ensure the magazine is empty and the firearm is safe.
- Follow the toolless disassembly instructions provided with the magazine.
- Clean the magazine components using a soft cloth and mild solvent.

### 5. Reassembly:

- After cleaning, reassemble the magazine by reversing the disassembly steps.
- Ensure all components are securely in place before use.

## **Disposal Instructions**

- Dispose of the magazine in accordance with local regulations.
- Do not dispose of the magazine in regular household waste if it is damaged.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding your PMAG® AR/M4 GEN M3 magazine, please refer to the official Magpul website or contact your local dealer.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your PMAG® AR/M4 GEN M3 magazine. Thank you for your attention to safety and responsible use.
