

# LEE COLLET 2-DIE NECK SIZER SETS - LEE PRECISION 6MM ARC COLLET 2-DIE NECK SIZING SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies. Maximum accuracy is usually achieved by seating the bullet out far enough to touch or almost touch the rifling. This provides the shot start pressure normally supplied by the crimp. That's why a dead length bullet seater is included to complete the most accurate reloading system ever made. These dies size only the neck to preserve the perfect fit of fire forming. Only reload cases that have been fired in your gun. Not recommended for autoloaders, slide or lever action guns.

## Attributes

- Name: [LEE PRECISION 6MM ARC COLLET 2-DIE NECK SIZING SET](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430108988
- Mfr. No.: 91563

# Safety Instruction Guide for LEE COLLET 2DIE NECK SIZER SET

## Introduction

Thank you for choosing the LEE COLLET 2DIE NECK SIZER SET. This product is designed to help you achieve maximum accuracy when reloading ammunition. However, it is essential to follow safety guidelines to ensure safe and effective use. This guide provides important safety information and instructions for the proper handling and usage of this product.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that you are familiar with the laws and regulations regarding ammunition reloading in your area.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the dies for any damage before use. Do not use damaged equipment.
- Follow all local, state, and federal regulations when handling ammunition components.
- Store the dies in a cool, dry place when not in use.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.

## Specific Safety Precautions for Use

- Only use the LEE COLLET 2DIE NECK SIZER SET with cases that have been fired in your gun.
- Do not use this product with autoloaders, slide, or lever action guns, as it may not provide the desired results.
- Ensure that the collet is properly adjusted before use to avoid excessive neck sizing.
- Avoid using excessive force when operating the dies to prevent injury or damage to the equipment.
- Ensure that the work area is well-ventilated and free of any flammable materials.
- Always check for obstructions in the die before inserting cases.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the dies in a reloading press that is compatible with 2die sets.
- Ensure that the dies are tightened properly to prevent movement during operation.
- Adjust the sizing die to the appropriate depth for your specific cases.

### 2. Usage:

- Insert a fired case into the die and ensure it is seated correctly.
- Operate the press smoothly to apply pressure to the collet, which will size the case neck.
- After sizing, inspect the case for proper fit and alignment.
- Repeat the process for each case, ensuring that you monitor for any signs of wear or damage.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of ammunition components in regular household waste. Instead, contact local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product use, please reach out to the designated contact point for assistance.

By adhering to these safety instructions, you can ensure a safer and more effective reloading experience with the LEE COLLET 2DIE NECK SIZER SET. Always prioritize safety and stay informed about best practices in ammunition reloading.
