

COLLET NECK SIZER DIES - LEE PRECISION 7MM-08 REMINGTON COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

Attributes

Safety Instruction Guide for COLLET NECK SIZER DIES LEE PRECISION 7MM08 REMINGTON

Introduction

Thank you for choosing the Lee Precision Collet Neck Sizer Die for your reloading needs. This guide provides essential safety instructions and usage information to ensure your experience is safe and effective. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Always handle reloading equipment with care and follow all safety protocols.
- Ensure that you are familiar with the operation of your reloading press and associated equipment.
- Store dies and reloading components in a secure location away from children and pets.
- Regularly inspect your reloading equipment for wear or damage. Replace parts as necessary.
- Follow local laws and regulations regarding ammunition reloading and storage.

Specific Safety Precautions for Use

- Use only the specified cartridge, which in this case is the 7 mm 08 Remington.
- Avoid using excessive force when operating the die to prevent injury or damage.
- Ensure that the die is properly installed and secured in the reloading press before use.
- Do not attempt to resize cases that are excessively damaged or worn.
- Always wear safety glasses while reloading to protect your eyes from debris.
- Keep your work area clean and organized to avoid accidents.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is turned off and unplugged.
- Remove any existing dies from the press.
- Insert the Lee Collet Neck Sizer Die into the press, ensuring it is securely tightened.
- Adjust the die to the desired height according to the manufacturer's instructions.

2. Usage:

- Prepare your cases by cleaning them thoroughly to remove dirt and debris.
- Place a case into the shell holder of the press.
- Slowly raise the ram to engage the collet with the case neck.
- Apply gentle pressure to resize the neck of the case against the mandrel.
- Lower the ram to complete the resizing process.
- Inspect the resized case for any irregularities before proceeding with loading.

Disposal Instructions

- Dispose of any damaged or unusable cases in accordance with local regulations.
- Do not discard reloading materials in regular household waste.
- Follow specific disposal guidelines for hazardous materials if applicable.

Contact Information for Further Support

For any questions or concerns regarding the Lee Precision Collet Neck Sizer Die or safety practices, please consult your local reloading community or retailer for assistance. Additionally, refer to the EU Safety Gate platform for updates on product safety and recalls.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the Lee Precision Collet Neck Sizer Die!
