

COLLET NECK SIZER DIES - LEE PRECISION 7MM REMINGTON MAGNUM COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

Safety Instruction Guide for COLLET NECK SIZER DIES LEE PRECISION 7MM REMINGTON MAGNUM

Introduction

Thank you for choosing the Lee Precision Collet Neck Sizer Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the die.

General Safety Guidelines

- Always keep the die and all reloading equipment out of the reach of children and unauthorized users.
- Ensure that you are in a safe environment while reloading. Use appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Familiarize yourself with the reloading process and the specific requirements for the 7mm Remington Magnum cartridge.
- Store the die in a dry, secure location to prevent damage and unauthorized access.
- Regularly inspect the die for any signs of wear or damage before use. Do not use a damaged die.

Specific Safety Precautions for Use

- Use only the recommended cartridges with this die. Using incompatible cartridges can lead to malfunctions or accidents.
- Do not exceed the recommended load specifications for the 7mm Remington Magnum. Refer to reliable reloading manuals for guidance.
- Always ensure that the die is properly secured in your reloading press before use.
- Avoid wearing loose clothing or jewelry while reloading, as these can become entangled in machinery.
- Be aware of your surroundings and ensure that no distractions are present while you are reloading.

Instructions for Installation and Usage

1. Installation:

- Securely mount the Collet Neck Sizer Die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to prevent movement during operation.

2. Usage:

- Begin by preparing your brass cases. Clean and inspect them to ensure they are free from dirt and damage.
- Insert the case into the die, ensuring it is seated correctly against the mandrel.
- Squeeze the collet by operating the press handle. This will size the neck of the case with minimal runout.
- Remove the case from the die and check for proper sizing. The case neck should fit snugly over the bullet.
- Repeat the process for each case you wish to size.

3. PostUse:

- Clean the die after use to remove any debris or residue.
- Store the die in its original packaging or a secure location to protect it from damage.

Disposal Instructions

- Dispose of any damaged or unusable parts according to local regulations. Check with your local waste management authority for proper disposal methods.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the use of the Lee Precision Collet Neck Sizer Die, please refer to the manufacturer's website or contact their customer service for assistance. It is important to have a point of contact for any safety inquiries.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your Lee Precision Collet Neck Sizer Die. Your safety is paramount, so always prioritize safe handling and usage practices. Thank you for your attention, and happy reloading!
