

# COLLET NECK SIZER DIES - LEE PRECISION 7.5X55MM SWISS COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

## Attributes

# Safety Instruction Guide for Lee Precision Collet Neck Sizer Dies

## Introduction

Thank you for choosing the Lee Precision Collet Neck Sizer Die for your ammunition loading needs. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before use.

## General Safety Guidelines

- Always read and follow the manufacturer's instructions.
- Keep the die and all related equipment out of reach of children.
- Use the die only for its intended purpose.
- Inspect the die regularly for wear or damage.
- Do not use the die if it is damaged or malfunctioning.
- Store the die in a safe, dry place away from moisture and extreme temperatures.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Wear appropriate safety gear, including eye protection, when operating the die.
- Ensure that your work area is clean and free from clutter to prevent accidents.
- Do not exceed the recommended specifications for the die to avoid injury or damage.
- Handle cases carefully to avoid sharp edges that may cause cuts.
- Do not force the die if it is not functioning smoothly; seek assistance if necessary.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Insert the collet neck sizer die into the press according to the manufacturer's instructions.
- Adjust the die to the proper height for your specific cartridge.

### 2. Usage:

- Prepare your cases by ensuring they are clean and free from debris.
- Place the case into the die and ensure it is seated properly.
- Operate the press smoothly and steadily to size the case neck.
- After sizing, inspect the case for proper fit and any signs of damage.
- Repeat the process for each case, maintaining a clean work area throughout.

## Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of hazardous materials in regular trash; follow local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the Lee Precision Collet Neck Sizer Die, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can ensure a safe and efficient reloading experience. Thank you for your attention to these guidelines.
