

COLLET NECK SIZER DIES - LEE PRECISION .338 WINCHESTER COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

Safety Instruction Guide for Lee Precision .338 Winchester Collet Neck Sizing Die

Introduction

Thank you for choosing the Lee Precision .338 Winchester Collet Neck Sizing Die. This product is designed to help you create accurate ammunition with ease. To ensure safe and effective use, please read this safety instruction guide thoroughly before using the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, such as safety glasses, when handling ammunition components.
- Keep the work area clean and free of distractions to avoid accidents.
- Store all reloading tools and components out of reach of children and unauthorized individuals.
- Regularly inspect the die for any signs of damage or wear before use.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the Lee Collet Neck Sizing Die for the .338 Winchester Magnum cartridge.
- Do not exceed the recommended load specifications as indicated in reliable reloading manuals.
- Avoid using the die with damaged or worn cases, as this may lead to dangerous situations.
- Ensure that the die is properly adjusted and secured before use to prevent accidents.
- Do not attempt to modify the die or use it for purposes other than intended.

Instructions for Installation and Usage

Installation

1. **Prepare Your Work Area:** Ensure your workspace is clean, welllit, and organized.
2. **Gather Tools:** Collect all necessary tools, including the Lee Collet Neck Sizing Die, a reloading press, and any additional equipment recommended in the reloading manual.
3. **Install the Die:**
 - Unscrew the lock ring from the die.
 - Insert the die into the reloading press.
 - Adjust the die to the desired position and secure it by tightening the lock ring.
 - Ensure the die is aligned correctly with the press.

Usage

1. **Prepare Cases:** Inspect and clean your .338 Winchester Magnum cases before sizing.
2. **Insert Case:** Place the case into the shell holder of your reloading press.
3. **Squeeze the Collet:** Operate the press to squeeze the case neck against the precision mandrel of the die.
4. **Check Sizing:** After sizing, check the case for a proper fit and minimal runout.
5. **Repeat Process:** Continue sizing additional cases as needed, ensuring to follow the same steps for each.

Disposal Instructions

- Dispose of any damaged or worn reloading components in accordance with local regulations.
- Do not throw away the die in regular household waste. Instead, contact local recycling centers for proper disposal methods.

- Ensure that all materials used in the reloading process are disposed of safely and responsibly to prevent environmental harm.

Contact Information for Further Support

For any questions or concerns regarding the use of the Lee Precision .338 Winchester Collet Neck Sizing Die, please refer to the manufacturer's guidelines or consult with a qualified professional.

Thank you for prioritizing safety and responsibility in your reloading practices. Enjoy your reloading experience with confidence!
