

DXT2 STANDARD DOT NIGHT SIGHTS FOR GLOCK 42/43/43X/48 - XS SIGHT SYSTEMS DXT2 STANDARD DOT NIGHT SIGHT FOR GLOCK 42/43/43X/48 GREEN

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

XS DXT2 Standard Dot Night Sights offer superior front sight visibility in all lighting conditions. DXT2 Standard Dot sights drive focus to the front sight using a high-contrast front and a low-profile V-notch rear. DXT2 Standard Dot front sights use a patent pending glow dot that absorbs light and glows in low light levels before it is dark enough to see the tritium. The increased surface area of the convex dot increases light absorption, intensifying the charge of the glow properties of the dot. The dot-the "i" sight picture, with a tritium dot in the front sight and a tritium bar in the rear, prevents confusing the front and rear sight in high-stress situations. In most gunfights, the victim and attacker are both moving, and the victim's focus is drawn to the threat. The wide field of view increases visibility of the front sight and of the threat downrange. Outside Diameter Standard Dot 0.140"; fits in common holsters. Installation might require filing to fit sight to dovetail, especially with Walther PDP. Fits Glock models 42,43,43X,48 Do not use sight press/pusher tool.

DXT2 STANDARD DOT NIGHT SIGHTS FOR GLOCK 42/43/43X/48 Safety Instruction Guide

Introduction

Thank you for choosing the DXT2 Standard Dot Night Sights for your Glock 42, 43, 43X, or 48. These sights are designed to enhance your shooting experience by providing superior visibility in various lighting conditions. This guide provides essential safety instructions and information to ensure safe and effective use of your new sights.

General Safety Guidelines

- **Product Safety:** Always ensure that you are using nonfood products, including these sights, in a safe manner. Follow all instructions to avoid risks associated with improper use.
- **Enhanced Recalls:** Be aware that in the event of a safety issue, standardized recall notices will be issued. Ensure you are informed about any recalls related to your product.
- **Online Shopping Protections:** When purchasing online, ensure that the seller complies with EU safety requirements similar to those found in physical stores.
- **Special Consumer Focus:** Extra caution should be exercised when using this product around vulnerable groups, especially children. Keep all firearms and related accessories out of reach of children.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point for guidance.
- **Rapid Alerts:** Stay updated on any unsafe products through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Avoid Improper Use:** Do not use the sights with incompatible models or in ways not intended by the manufacturer.
- **HighStress Situations:** Be aware that during highstress situations, the focus may shift. Practice using the sights to ensure familiarity.
- **Visual Inspection:** Regularly inspect the sights for any signs of damage or wear. Replace if necessary to maintain performance.
- **Do Not Force Installation:** If the sights do not fit properly, do not force them into place. Instead, follow the installation instructions carefully.
- **Keep Out of Reach:** Ensure that the sights and any firearms are stored securely and out of reach of children or unauthorized users.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing sights from your Glock using appropriate tools.
- Align the DXT2 Standard Dot Night Sights with the dovetail of the firearm.
- If necessary, file the sight to fit the dovetail, especially for models such as the Walther PDP.
- Avoid using a sight press or pusher tool, as this may damage the sight.
- Confirm that the sights are secure and properly aligned before use.

2. Usage:

- Familiarize yourself with the sight picture, which includes a tritium dot in the front sight and a tritium bar in the rear.
- Practice aiming with the sights in various lighting conditions to understand their functionality.
- Maintain focus on the front sight while being aware of the target downrange.
- Regularly check the sight's glow properties and replace as necessary to ensure optimal

performance.

Disposal Instructions

- **Safe Disposal:** Dispose of the sights in accordance with local regulations. Do not throw them in general waste.
- **Environmental Considerations:** Ensure that any materials used in the sights are disposed of in an environmentally friendly manner.
- **Battery Disposal:** If applicable, dispose of any batteries used in the sights according to local battery recycling guidelines.

Contact Information for Further Support

For any further inquiries or support regarding the DXT2 Standard Dot Night Sights, please refer to the manufacturer or authorized dealers. Always ensure that you have the latest information regarding product safety and usage.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your DXT2 Standard Dot Night Sights. Always prioritize safety and responsible usage.
