## HENRY GHOST RING SIGHT SET X SERIES .357 WITH RAMP

[Rifle Parts](#) > [Sights](#) > [Sight Sets](#)

The XS Ghost Ring WS hunting sights pairs with XS Lever Rail HN-6000R-N to offer improved accuracy and faster sight acquisition in a rugged all-steel design. Fits Henry X .357 with round barrel. Does not fit models with front sight ramp screwed onto the barrel. Precision machined in Fort Worth, TX. XS Ghost Ring WS is fully adjustable for windage and elevation and comes with two apertures, .230" and .191" inside diameter, for different lighting conditions. The large Ghost Ring affords great field of view for fast target acquisition. The XS White Stripe (WS) front sight replaces the existing blade and ramp and features a blued steel body with a painted white stripe face. White on black front post is highly visible in all lighting conditions, as well as provides contrast against any color background. Due to moving the rear sight from the barrel to the receiver, some zeroing issues might arise. Alternate front sight heights are available and covered under XS' No Questions Asked Warranty. For use with Lever Rail only.

# Safety Instruction Guide for GHOST RING SIGHTS X SERIES FOR HENRY XS SIGHT SYSTEMS

## Introduction

Thank you for choosing the GHOST RING SIGHTS X SERIES for your Henry XS Sight Systems. This guide provides essential safety instructions and information for proper use, installation, and disposal of your product, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Keep the product out of reach of children and vulnerable groups to prevent accidents.
- Regularly inspect the sight for any signs of wear or damage. If any issues are detected, discontinue use immediately.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about safety issues.

## Specific Safety Precautions for Use

- Use the sight only with compatible firearms. This product is designed specifically for Henry X .357 models with a round barrel.
- Do not attempt to install or use the sight on firearms that have front sight ramps screwed onto the barrel.
- Ensure that the sight is securely mounted to prevent it from loosening during use.
- Be aware that moving the rear sight from the barrel to the receiver may cause zeroing issues. Test and adjust your sighting as necessary.
- Use the XS White Stripe (WS) front sight only in appropriate lighting conditions for optimal visibility.
- Always follow local laws and regulations regarding firearm usage and modifications.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing front sight blade and ramp from the firearm.
- Align the XS Ghost Ring WS with the Lever Rail HN6000RN.
- Securely attach the sight according to the manufacturer's instructions.
- Check that the sight is properly aligned and tightened before use.

### 2. Usage:

- Familiarize yourself with the sight adjustments for windage and elevation.
- Use the two included apertures (.230" and .191" inside diameter) to adapt to different lighting conditions.
- Practice target acquisition with the large Ghost Ring for improved accuracy.
- Regularly check the sight alignment before each use to ensure accuracy.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste and firearm accessories.
- Do not dispose of the product in household waste.
- Contact your local waste management facility for proper disposal methods.
