

R3D 2.0 OPTIC/SUPPRESSOR NIGHT SIGHTS FOR M&P SHIELD M2.0 - XS SIGHT SYSTEMS R3D 2.0 OPTIC/SUPPRESSOR S&W M&P M2.0 SHIELD/PLUS ORANGE

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

XS second-generation R3D night sights are engineered to give you a brighter, stronger set of sights. Easily install your sights with a set that requires 50% less force for installation. R3D sights are built to withstand years of EDC use and abuse. The set drives focus downrange using a serrated blacked-out rear sight and a dual-illuminated tritium photoluminescent front sight. R3D sights are the brightest notch and post option for fast and accurate shooting in bright and low light. Fits S&W M&P & M2.0 Shield, Shield Plus & Shield OR. Standard height gives lower third coitness with SMSc optic.

R3D 2.0 OPTIC/SUPPRESSOR NIGHT SIGHTS FOR M&P SHIELD M2.0

Introduction

Thank you for choosing the R3D 2.0 Optic/Suppressor Night Sights for your S&W M&P Shield M2.0. This guide provides essential safety instructions to ensure the proper and safe use of your night sights. Please read this manual carefully before installation and use.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the night sights by following the instructions provided. The sights are designed for nonfood products and meet EU safety standards.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. In case of a recall, remedies will be provided at no cost.
- **Online Shopping:** If purchased online, the product must meet the same safety requirements as those bought in physical stores.
- **Special Consumer Focus:** Extra caution is advised for vulnerable groups, including children. Keep products out of reach.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point.
- **Rapid Alerts:** Be aware of updates on unsafe products through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Installation Safety:** Always ensure that you are using the correct tools and techniques for installation. Improper installation may lead to safety hazards.
- **Handling:** Handle the night sights with care. Avoid dropping or striking them against hard surfaces.
- **Usage:** Ensure that your firearm is unloaded before installing or adjusting the sights. Always follow firearm safety protocols.
- **Visibility:** The sights are designed for use in both low and bright light conditions. Ensure that you are familiar with their operation in different lighting.
- **Maintenance:** Regularly check the sights for any signs of wear or damage. Replace if necessary to maintain safety and functionality.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded.
- Use the appropriate tools to remove the existing sights.
- Align the R3D sights with the mounting points on your S&W M&P Shield M2.0.
- Apply 50% less force than typical for installation to avoid damage.
- Secure the sights in place and check for stability.

2. Usage:

- Familiarize yourself with the sight alignment before use.
- Practice shooting in both bright and lowlight conditions to understand the sight's capabilities.
- Regularly clean the sights to maintain optimal visibility.

Disposal Instructions

- **Disposal:** When disposing of the night sights, follow local regulations for electronic waste and nonbiodegradable materials. Do not dispose of in regular household waste.
- **Recycling:** Consider recycling options for materials that can be reused.

Contact Information for Further Support

For any questions or concerns regarding the R3D 2.0 Optic/Suppressor Night Sights, please refer to the official manufacturer's website or customer support channels. Ensure you have your product information ready for reference.

By following these guidelines, you can ensure the safe and effective use of your R3D 2.0 night sights. Thank you for your attention to safety and compliance.
