

R3D 2.0 OPTIC/SUPPRESSOR NIGHT SIGHTS FOR M&P SHIELD M2.0 - XS SIGHT SYSTEMS R3D 2.0 OPTIC/SUPPRESSOR S&W M&P M2.0 SHIELD/PLUS GREEN

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

XS second-generation R3D night sights are engineered to give you a brighter, stronger set of sights. Easily install your sights with a set that requires 50% less force for installation. R3D sights are built to withstand years of EDC use and abuse. The set drives focus downrange using a serrated blacked-out rear sight and a dual-illuminated tritium photoluminescent front sight. R3D sights are the brightest notch and post option for fast and accurate shooting in bright and low light. Fits S&W M&P & M2.0 Shield, Shield Plus & Shield OR. Standard height gives lower third coitness with SMSc optic.

R3D 2.0 Optic/Suppressor Night Sights for M&P Shield M2.0 Safety Instructions

Introduction

Thank you for choosing the R3D 2.0 Optic/Suppressor Night Sights for your S&W M&P Shield M2.0. This guide provides essential safety instructions to ensure the safe and effective use of your night sights. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Ensure the product is suitable for your firearm model (S&W M&P & M2.0 Shield, Shield Plus & Shield OR).
- Always handle firearms safely and in accordance with local laws and regulations.
- Store your sights and firearm securely to prevent unauthorized access.
- Regularly inspect your sights for any signs of wear or damage.
- Avoid using the product in extreme conditions that may affect its performance.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Use only the recommended tools for installation to avoid damaging the sights or your firearm.
 - Ensure the firearm is unloaded before beginning installation.
- **Use of Night Sights:**
 - R3D sights are designed for improved visibility in low light conditions. Always ensure you are familiar with their operation in various lighting situations.
- **Vulnerable Groups:**
 - Keep the product out of reach of children and individuals who may not understand its use.

Instructions for Installation and Usage

1. Installation Instructions:

- Gather the necessary tools: a sight pusher or appropriate installation tool.
- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing sights using the sight pusher or designated tool.
- Align the R3D sights correctly on the firearm. The serrated rear sight should be positioned at the rear, while the tritium front sight should be at the front.
- Press the sights into place, applying no more than 50% of the force typically required for sight installation.
- Doublecheck alignment before securing the sights completely.

2. Usage Instructions:

- Familiarize yourself with the sight picture before using the firearm in a live setting.
- Practice using the sights in both bright and low light conditions to understand their capabilities.
- Always maintain proper shooting stance and follow all safety protocols while handling your firearm.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and hazardous materials.

- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product support, please contact the manufacturer directly through their official website or customer support channels. Always ensure you have the latest information regarding product recalls or safety notices.

Thank you for choosing R3D 2.0 Optic/Suppressor Night Sights. Your safety is our priority. Please follow these guidelines to ensure a safe and enjoyable experience.
