[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

XS DXT2 Night Sights are tritium night sights specifically crafted to enhance the performance of your EDC pistol. These defensive sights are meticulously designed with features to ensure optimal visibility in low-light conditions. The front sight utilizes a unique photoluminescent Glow Dot, which absorbs surrounding light and emits a gentle glow when lighting is limited. The convex shape of the dot provides a larger surface area, maximizing light absorption and intensifying the brightness of the Glow Dot. Their primary objective when designing the DXT2 sights was to make them large and highly visible, addressing common issues such as aging eyes and deteriorating vision. During their testing, they observed that the orange front sight is most visible in daylight, while the yellow variant glows brighter in low-light environments. The rear sight features a shallow V shape, ensuring a simple, low-profile design that offers an extensive field of view. To prevent confusion between the front and rear sights in high-stress situations, XS Sights have adopted the "dot-the-i" sight picture. This sight picture consists of a tritium dot in the front sight and a tritium bar in the rear sight, facilitating quick and accurate target acquisition. In most gunfights, both the victim and attacker are in motion, with the victim primarily focused on the threat. The DXT2 Night Sights address these challenges by being big, bright, and easy to see, regardless of the time of day. XS DXT2 Tritium Night Sights serve as exceptional defensive sight choices for your pistol, ensuring the front sight remains visible regardless of lighting conditions. With these sights, you will be prepared for any potential confrontation, regardless of the lighting conditions you're in.

## **Attributes**

- Name: [XS SIGHT SYSTEMS DXT 2 BIG DOT NIGHT SIGHTS FOR DESERT EAGLE 44/50 ORANGE](#)
- Manufacturer: [XS SIGHT SYSTEMS](#)
- Product no.: 430109234

# DXT 2 BIG DOT NIGHT SIGHTS Safety Instruction Guide

## Introduction

Thank you for choosing the DXT 2 BIG DOT NIGHT SIGHTS for your Magnum Research Desert Eagle. These sights are designed to enhance your shooting experience, especially in lowlight conditions. This guide provides important safety information to ensure the safe use, installation, and maintenance of your night sights.

## General Safety Guidelines

- Always handle firearms with care and ensure they are unloaded when installing or adjusting sights.
- Use the sights only for their intended purpose and in accordance with the manufacturer's instructions.
- Keep the sights and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect your sights for any signs of damage or wear before use.
- If you notice any defects or irregularities, cease use immediately and consult a qualified professional.

## Specific Safety Precautions for Use

- Ensure proper alignment of the front and rear sights before shooting to maintain accuracy.
- Avoid using the sights in extreme weather conditions that may affect visibility or performance.
- Be aware of your surroundings and ensure a safe shooting environment, especially in lowlight conditions.
- Do not attempt to modify or alter the sights in any way, as this may compromise safety and performance.
- If you are a beginner or inexperienced shooter, seek guidance from a qualified instructor before using night sights.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure your firearm is unloaded and pointed in a safe direction.
2. **Remove Old Sights:** If applicable, carefully remove existing sights using appropriate tools.
3. **Align the New Sights:** Position the DXT 2 sights on the firearm, ensuring correct alignment.
4. **Secure the Sights:** Use manufacturerrecommended tools to securely fasten the sights in place.
5. **Test Alignment:** Check the alignment of the sights before use to ensure accuracy.

### Usage

- **Using the Front Sight:** Focus on the orange Glow Dot during daylight and the tritium dot in lowlight conditions for optimal visibility.
- **Using the Rear Sight:** Align the shallow V shape of the rear sight with the front sight for accurate target acquisition.
- **Dotthei Sight Picture:** Use the dotthei sight picture for quick target acquisition, ensuring the front dot is centered within the rear sight.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and hazardous materials.
- Do not dispose of the sights in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the DXT 2 BIG DOT NIGHT SIGHTS, please consult the manufacturer's website or contact your local dealer for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your DXT 2 BIG DOT NIGHT SIGHTS. Always prioritize safety and seek professional guidance when necessary.
