

# FRC 308 CALIBER TWO-PORT COMPENSATOR - FRC TAPERED 2-PORT 308 CALIBER 5/8"-24 THREADS COMPENSATOR

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Elevate your shooting experience with the cutting-edge PWS FRC square compensator, designed to be a suppressor host for the Rearden Atlas suppressor mounting system, accommodating popular suppressors like the BDE 762. Crafted with precision and innovation, this compensator stands as a premier selection for a diverse range of shooting scenarios. The PWS FRC compensator sets itself apart by prioritizing recoil reduction as its primary function while simultaneously excelling at flash suppression. Its distinctive 2-port design skillfully redirects flash away from optics and the line of sight, ensuring an unobstructed view and minimizing overpressure. When paired with suppressors, the FRC boasts a tight lockup and maintains it through hard shooting cycles. Mounted precisely, the FRC becomes a crucial component in your rifle's comprehensive recoil management system. By effectively mitigating recoil and muzzle rise, this compensator enables swift follow-up shots, ultimately delivering improved shooter control and accuracy. Choosing the PWS FRC provides the best of both worlds—superior recoil management and effective flash suppression—making it an indispensable asset for any shooter looking to enhance their shooting prowess and overall experience on the range or in the field. Select between flat shouldered option, for traditional rifle barrels, or tapered shoulder, for barrels with a tapered shoulder behind the muzzle threads.

# Safety Instruction Guide for FRC 308 Caliber TwoPort Compensator

## Introduction

Thank you for choosing the FRC 308 Caliber TwoPort Compensator. This product is designed to enhance your shooting experience by providing superior recoil management and effective flash suppression. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always treat the compensator and firearm as if they are loaded and ready to fire.
- Use the compensator only with compatible firearms as specified by the manufacturer.
- Ensure that you are of legal age and have the necessary permits to use this product in your jurisdiction.
- Keep the compensator out of reach of children and unauthorized users.
- Regularly inspect the compensator for any signs of wear or damage before use.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms equipped with the compensator.
- Familiarize yourself with the safe handling and operation of your firearm before installation and use of the compensator.

## Specific Safety Precautions for Use

- Ensure that the compensator is securely attached to the firearm before firing.
- Do not exceed the manufacturer's recommended caliber specifications for the compensator.
- Avoid using the compensator in situations where it may be subjected to extreme temperatures or environmental conditions that could affect its performance.
- Be aware of your surroundings and ensure that the area is clear of bystanders when firing.
- Do not attempt to modify or disassemble the compensator; any alterations may compromise safety and performance.
- If you experience any malfunctions or unusual performance while using the compensator, stop using it immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove any existing muzzle device from the firearm.
- Clean the muzzle threads of the firearm to ensure proper fit.
- Align the compensator with the threads of the firearm and handtighten it until snug.
- Use a wrench to secure the compensator further, but do not overtighten to avoid damage.
- Check the alignment and ensure the compensator is straight and properly seated.

### 2. Usage

- Before firing, doublecheck that the compensator is securely attached.
- Fire the firearm in a safe and controlled environment, following all standard shooting practices.
- Monitor the performance of the compensator during use. If you notice excessive recoil or flash, cease use and inspect the compensator.
- After use, clean the compensator and firearm as per the manufacturer's recommendations to maintain performance.

## **Disposal Instructions**

- Dispose of the compensator in accordance with local regulations regarding firearm accessories.
- If the compensator is damaged or no longer functional, do not attempt to repair it; instead, dispose of it responsibly.
- Ensure that any disposed components are kept out of reach of children and pets.

## **Contact Information for Further Support**

For any questions or concerns regarding the FRC 308 Caliber TwoPort Compensator, please refer to the manufacturer's website or customer service for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable shooting experience with your FRC 308 Caliber TwoPort Compensator. Always prioritize safety and responsible firearm handling to maintain a secure environment for yourself and others. Thank you for choosing our product.
