

# NEXGEN 45/90 AMBIDEXTROUS SAFETY SELECTOR FOR AR-15 - TYRANT CNC NEXGEN 45/90 SAFETY SELECTOR AMBIDEXTROUS FOR AR15 GOLD

[Rifle Parts](#) > [Safety Parts](#) > [Safeties](#)

Replace their mil-spec safety selector with the NexGen AR-15 Ambidextrous Safety selector from us, Tyrant Designs CNC! With a 45 AND 90 degree configurable throw, their Ambi safety selector offers supreme fit, function, and aesthetics. Sporting identical length levers, this short-throw safety selector is the best option for left-handed operators, too. Whether lefty, practicing support hand shooting, or just building a new AR-15 the Tyrant Ambi Safety Selector is for you. Rubber Tactile Feel In order to offer a robust tactile feel without compromising on the material, Tyrant Designs designed their safety selector levers to be made from 6061 aluminum with a soft durometer rubber over-mold. What does that mean? You get the durability of a metal selector with the benefits of a grippy rubber texture. Configurable Throw Want a long throw? Or a short one? What about 45 on one side, and 90 on the other? You can get it all with their AR-15 safety selector. Regardless of their needs as an operator, Tyrant Designs are confident that you will find a configuration that suits their needs. Ambidextrous Selection Great for lefty's or those who practice firing with their support hand, their selector is a truly ambidextrous safety selector. Left-handed shooters will have no issue operating their AR-15 with their equal length levers.

# NEXGEN 45/90 Ambidextrous Safety Selector for AR15 Safety Instructions

## Introduction

Thank you for choosing the NEXGEN 45/90 Ambidextrous Safety Selector for your AR15. This product is designed to enhance the functionality and safety of your firearm. Please read this guide carefully to ensure safe installation and usage, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure the safety selector is in the "Safe" position when not in use.
- Be aware of your surroundings and ensure a clear shooting environment.
- Regularly inspect the safety selector for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm safety and usage.
- Keep out of reach of children and unauthorized users.

## Specific Safety Precautions for Use

- Ensure the selector is properly installed before using your firearm.
- Do not attempt to modify the safety selector in any way.
- Use the safety selector only as intended—do not force it beyond its designed limits.
- If you experience any issues with the selector, cease use immediately and consult a qualified gunsmith.
- Always wear appropriate eye and ear protection when handling firearms.

## Instructions for Installation and Usage

### Installation Instructions

1. **Gather Tools:** You will need a punch tool and a hammer for installation.
2. **Remove the Existing Selector:**
  - Ensure the firearm is unloaded.
  - Use the punch tool to push out the existing selector pin.
3. **Install the NEXGEN Safety Selector:**
  - Align the NEXGEN safety selector with the selector hole.
  - Insert the selector pin through the hole to secure it in place.
4. **Test the Selector:**
  - Move the selector to ensure it operates smoothly between the "Safe" and "Fire" positions.
  - Make sure both levers function correctly.
5. **Final Check:**
  - Confirm that the safety selector is securely installed and that there are no loose parts.

### Usage Instructions

- To engage the safety selector, push the lever to the "Safe" position.
- To disengage, push the lever to the "Fire" position.
- Practice using the selector with your support hand if you are a lefthanded shooter or practicing ambidextrous shooting.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for metal and electronic waste.

- Do not dispose of the safety selector in regular household waste.
- Contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For further assistance, please refer to the manufacturer's website or the product packaging for contact details. If you encounter any issues with the product, please consult a qualified gunsmith or firearm specialist for advice.

By following these safety instructions, you can ensure the safe and effective use of the NEXGEN 45/90 Ambidextrous Safety Selector for your AR15. Stay safe and responsible while handling your firearm.
