[Rifle Parts](#) > [Gas System Parts](#) > [Gas Piston Conversion Kits](#)

AR-15 ADJUSTABLE PISTON SYSTEM W/0.625" GAS BLOCK LEFT HAND The Superlative Arms Patented Bleed Off® Mode, gas piston system for the AR-15 platform adjusts the gas flow by bleeding the gas out the front of the block instead of restricting the flow like conventional adjustable blocks. RESULTS: The pressure used in the block is reduced only to the amount required to drive the bolt carrier. The remaining gas and pressure are bled out of the block allowing the system to run much cleaner and cooler. Reduction of wear on the bolt carrier group components and upper receiver. Reduction of felt recoil allowing for faster follow-up shots. Patented adjustment detent is located outside of the block and therefore no contamination. In Bleed Off Mode the gas adjustment screw does not restrict the gas flow; therefore, there is no erosion or seizing of the screw, and no loss of detent due to carbon build up. Although it is removable, we have added a safety mechanism, which stops you from unintentionally backing the screw all the way out. When using SBR's and/or suppressors the Bleed Off port allows the excessive pressure to be exhausted out of the block reducing blow back. NOTE: The Superlative Arms Piston Kit does not come with a Bolt Assembly (bolt, cam pin, firing pin, or firing pin retainer). Bolt Assembly sold separately. SPECIFICATIONS: Piston Systems: Piston Kits Gas Block Size: .625 Gas Block Style: Solid, Set Screw Gas System Length: Carbine Carrier Type: Full-Auto, AR-15 Carrier Finish: Dark DLC

## Attributes

- Name: [SUPERLATIVE ARMS LLC AR-15 ADJ PISTON SYSTEM W/SOLID .625" GAS BLOCK RIFLE LH](#)
- Manufacturer: [SUPERLATIVE ARMS LLC](#)
- Product no.: 430109796
- Mfr. No.: SABO-PS-LFD-R625SM
- Finish: Black
- Gas System Length: Rifle
- Weapon type: AR-15
- Delivery weight: 0.907kg
- Shipping height: 57mm
- Shipping width: 83mm
- Shipping length: 413mm
- UPC: 850051342648

## Item details

Made in USA  
US export classification: 0A501.c

# Safety Instruction Guide for AR15 Adjustable Piston System with 0.625" Gas Block Left Hand

## Introduction

Thank you for choosing the AR15 Adjustable Piston System with 0.625" Gas Block Left Hand from Superlative Arms LLC. This guide provides essential safety instructions and guidelines for the safe use and installation of the product, ensuring you have a safe and enjoyable experience.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your fingers off the trigger until you are ready to shoot.
- Store the product and all firearm components securely and out of reach of children.
- Always wear appropriate safety gear, including eye and ear protection, when using the firearm.
- Be aware of your surroundings and ensure a clear line of sight before firing.
- Regularly inspect your firearm and components for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm use and ownership.

## Specific Safety Precautions for Use

- Ensure that the gas piston system is compatible with your AR15 platform before installation.
- Do not attempt to modify or alter the product in any way.
- Do not exceed the recommended gas settings, as this may lead to malfunction or damage.
- Avoid using the system with ammunition that exceeds the specifications for your firearm.
- When using SBRs (ShortBarreled Rifles) or suppressors, follow the specific guidelines for safe operation to prevent excessive pressure buildup.
- Always keep the adjustment screw clean and free from debris to avoid malfunction.
- If you experience any unusual sounds or performance issues, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing gas block and clean the area where the new gas block will be installed.
- Position the new gas block in place, ensuring proper alignment with the gas port of the barrel.
- Secure the gas block using the provided set screws, ensuring it is tightly fitted but not overtightened.
- Reinstall any additional components as necessary, following the manufacturer's instructions.

### 2. Usage:

- Before firing, adjust the gas flow using the patented adjustment detent located outside the block.
- Test the adjustment settings with a few rounds to ensure proper cycling of the bolt carrier.
- Monitor the performance of the system and make adjustments as necessary for optimal function.
- After each use, clean the gas piston system to prevent carbon buildup and maintain performance.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for firearms and firearm components.
- Do not dispose of any firearm components in regular household waste.
- Contact local authorities or a licensed firearms dealer for proper disposal methods.

## Contact Information for Further Support

For any inquiries or concerns regarding the AR15 Adjustable Piston System, please consult your local dealer or firearms expert. Always ensure that you are following the latest guidelines and regulations regarding firearm safety and use.

By following these guidelines and instructions, you can ensure the safe use of the AR15 Adjustable Piston System with 0.625" Gas Block Left Hand. Always prioritize safety and responsible handling of your firearm.
