DEFIANT EYEWEAR Magpul has been developing innovative products for firearms enthusiasts and the professional users for more than 20 years. Their eyewear merges that same innovation with style and advanced features. Their latest model, the Defiant, is designed to deliver functional, adaptable, ballistic eye protection along with maximum coverage and visibility. When your environment or location changes, the Defiant has a unique lens replacement capability so you can transition to the coverage and color you need. The Defiant excels at providing extreme impact protection without sacrificing comfort. It gives you Z87+ ballistic protection and has been tested to MIL-PRF-32432 ballistic standards. Its lens shape accommodates both large and medium faces without sacrificing peripheral vision or protection coverage. The unique lens and frame interface enhances the lens' ability to flex when worn, optimizing user fit, and its 7-base curvature is purpose-built for optimal clarity and light transmission. Critical touch points such as the rubber overmolded temple pads and the soft rubber nose pads keep the Defiant comfortable and in place, even when you're covered in perspiration or on the move. The Defiant's temples are specifically designed to eliminate pressure points while wearing over-the-ear hearing protection and integrate seamlessly with helmets or headwear. With its easy-to-use quick-release lever system, switching between the three unique Defiant Replacement Lenses is quick and simple, meaning you have different polarization, color, and light transmittance options available at any time. Comes with a black large DAKA Can storage case and a Magpul Eyewear Bag made with lens-safe cleaning material.

## **General Safety Guidelines**

- Ensure that the eyewear is used in accordance with the manufacturer's instructions to avoid potential hazards.
- Regularly inspect the eyewear for any signs of damage, including scratches on the lenses or wear on the frame.
- Only use the eyewear for its intended purpose. This product is designed for shooting and other highimpact activities.
- Keep the eyewear out of reach of children and vulnerable individuals who may not understand how to use it safely.
- Be aware of your surroundings while wearing the eyewear to ensure optimal visibility and protection.

## **Specific Safety Precautions for Use**

- Always ensure that the lenses are properly installed and securely attached to the frame before use.
- When switching lenses, follow the manufacturer's instructions to avoid damaging the eyewear.
- Avoid using the eyewear in extreme temperatures or conditions that may compromise the material integrity.
- If the eyewear becomes damaged or compromised, discontinue use immediately and replace it.
- Do not attempt to modify or repair the eyewear yourself. Seek professional assistance if needed.

## **Instructions for Installation and Usage**

### **Installation of Lenses**

- 1. Removing Existing Lenses:**
  - Hold the frame securely with one hand.
  - Gently push the lens from the frame using your thumb until it pops out.
- 2. Installing New Lenses:**
  - Align the new lens with the frame.
  - Press the lens gently until it clicks into place.
  - Ensure that the lens is secure and does not move when tested.

### **Usage Instructions**

- Wear the eyewear securely on your face, ensuring that it sits comfortably on your nose and ears.
- Adjust the rubber nose pads and temple pads for a snug fit, which will help prevent slipping during movement.
- If wearing overtheear hearing protection, ensure that the temples of the eyewear do not create pressure points.
- In changing light conditions, use the quickrelease lever system to switch lenses as needed for optimal visibility and protection.

## **Disposal Instructions**

- Dispose of the eyewear responsibly. If the product is no longer usable, please follow local regulations for disposal of plastic and electronic materials.
- Do not throw the eyewear into regular household waste. Instead, check with local recycling programs to see if they accept materials used in eyewear.
