

# AR-15/M16 MOE RL CARBINE STOCK - MAGPUL MOE RL COLLAPSIBLE MIL-SPEC CARBINE STOCK FOR AR-15 ODG

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The MOE RL (Reversed Lever) Carbine Stock is a streamlined, A-frame design that replaces OEM stocks and provides clean aesthetics and ease of use. The easily accessible, unobtrusive, reversed adjustment lever is inset into the front of the stock, allowing the stock's length of pull to be adjusted in overall length from 10.65" to 13.85". The stock also offers a slightly increased cheek-weld area for enhanced shooter comfort. Combining these two aspects of the MOE RL Carbine stock allows shooters to adjust the LOP on the fly if necessary while maintaining a positive cheek weld; this keeps the shooter locked into the gun and promotes continued situational awareness. To further increase shooter comfort, the MOE RL Stock is compatible with the SL Enhanced Rubber Butt-Pad so shooters can use the recoil pad that best fits their circumstances. For sling attachment, the RL includes an ambidextrous M-LOK slot in the rear of the stock that functions as a footman's loop or a space to attach an M-LOK QD Sling Mount. Made in the USA. Streamlined adjustment lever Permits LOP adjustment without breaking the shooter's cheek weld Classic A-frame style Provides rigid structure for strength Improved Cheek Weld Slightly increased surface area for improved cheek weld Adaptable and configurable to various shooting scenarios Adjustable LOP (10.65" to 13.85") For sling attachment, includes an M-LOK slot that acts as footman's loop or a space for an M-LOK QD Sling Mount Accepts both SL extended butt-pads and DT Carbine stock butt-pads Platform: AR10, AR15, M4, M16, M110, SR25 Compatibility: Will not interfere with single-point slings attached to ASAP or ASAP QD receiver end plates. Mil-Spec sized carbine receiver extension tube (not included) from manufacturers such as Colt, LMT, Ruger, S&W, SIG, and others\*  
\*Specifications based on standard-length (flat-back) M4 Carbine receiver extension and may vary depending on tube manufacturer. NOTE: There are two basic sizes of M4 Carbine receiver extensions (buffer tubes): Mil-Spec and Commercial-Spec. The DT Carbine Stock will only fit with the common Mil-Spec tube.

## Attributes

- Name: [MAGPUL MOE RL COLLAPSIBLE MIL-SPEC CARBINE STOCK FOR AR-15 ODG](#)
- Manufacturer: [MAGPUL](#)
- Product no.: 430110110
- Mfr. No.: MAG1440-ODG
- Colour: Olive Drab Green
- Material: Polymer
- Style: Collapsible
- Type: Mil-Spec
- Weapon type: AR-15
- Delivery weight: 0.34kg
- UPC: 840815148241

## Item details

Made in USA

US export classification: 0A501.y.1

# Safety Instruction Guide for AR15/M16 MOE RL Carbine Stock

## Introduction

Thank you for choosing the AR15/M16 MOE RL Carbine Stock by MAGPUL. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that all safety instructions are followed to prevent accidents and injuries.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and accessories securely and out of reach of children.
- Check for any recalls or safety alerts related to your product via the EU Safety Gate platform.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- The MOE RL Carbine Stock is designed for use with MilSpec sized carbine receiver extension tubes. Ensure compatibility before installation.
- Avoid using the stock with CommercialSpec tubes, as this may lead to improper fitting and potential hazards.
- Always ensure that the adjustment lever is securely locked in place before use to prevent accidental adjustments during operation.
- When adjusting the length of pull (LOP), do so in a controlled environment to avoid distractions and ensure safety.
- Do not modify or alter the stock in any way that may compromise its integrity or safety features.
- Use the stock in accordance with the manufacturer's recommendations and guidelines.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded and the chamber is clear.
- Remove the existing stock if applicable, following the manufacturer's instructions.
- Align the MOE RL Carbine Stock with the MilSpec receiver extension tube.
- Securely attach the stock to the receiver extension tube, ensuring it is properly seated.
- Test the stock to ensure it is securely attached and does not wobble.

### 2. Adjusting Length of Pull (LOP):

- Locate the reversed adjustment lever on the front of the stock.
- Pull the adjustment lever towards you to unlock the stock.
- Slide the stock to the desired length (between 10.65" and 13.85").
- Release the adjustment lever to lock the stock in place.
- Ensure that the adjustment lever is fully engaged to prevent accidental movement.

### 3. Sling Attachment:

- Use the ambidextrous MLOK slot located at the rear of the stock for sling attachment.
- Follow the manufacturer's instructions for attaching the MLOK QD Sling Mount or footman's loop.

#### **4. PostInstallation Check:**

- After installation, check the stock for any signs of damage or improper fitting.
- Conduct a function check to ensure the stock operates smoothly and securely.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations and guidelines.
- If the product is damaged or no longer in use, consider recycling the materials where applicable.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any inquiries regarding safety, maintenance, or product support, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your AR15/M16 MOE RL Carbine Stock. Thank you for prioritizing safety and responsible firearm use.
