

# NON-SLIP BENCHMAT DESKPAD - BROWNELLS NON-SLIP BENCHMAT DESKPAD 35.43 X17.7 DARK BROWN & YELLOW

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Bench Mats](#)

Protects Your Bench Top & Your Gun's Finish Gunsmith's bench mats are a dime a dozen and often treated almost as disposable items. When we decided to develop a new one of our own, we wanted to offer something of excellent quality that was durable and also looked good. This Brownells Non-Slip Bench Mat is made of a very flexible, solvent- and oil-resistant synthetic rubber material. It's so pliable it will lie perfectly flat EVEN after you've had it rolled up for a long time. By "bench mat" we mean it covers most of the top of your gunsmithing workbench! The large 35.4" (90cm) x 15.7" (40cm) size means almost any part or sub assembly you're working on will not extend past the edges of the mat. And it truly is "non-slip". The rubber base has plenty of adhesion, so once you position this mat on the bench top, it will not slip around while you work. The synthetic silk-like top fabric positively cannot scratch or abrade even delicate blued finishes, AND it offers something we have not seen on any other bench mat currently on the market. The edges are stitched all the way around. Technically, this is called a "serged edge," and it means the top fabric will not peel away and separate from the rubber base. We've all probably had that happen with bench mats over the years, or at least with a mouse pad (remember those?). This edge also provides a neat, beveled transition from the mat to the bench surface surrounding it, rather than a sharp, pronounced ledge. The top fabric is in the warm, comforting Brownells colors. The brown cuts down on glare from overhead lights, and the chrome yellow provides plenty of contrast with any pins, screws, and small gun parts you place there. Our logo is tastefully applied at the top left, so everybody who visits your shop will know who is your favorite gun parts/gunsmithing tools supplier!

## Attributes

- Name: [BROWNELLS NON-SLIP BENCHMAT DESKPAD 35.43 X17.7 DARK BROWN & YELLOW](#)
- Manufacturer: [BROWNELLS](#)

# NonSlip Benchmat Deskpad Safety Instructions

## Introduction

Thank you for choosing the Brownells NonSlip Benchmat Deskpad. This product is designed to protect your workbench and your gun's finish while providing a stable workspace for gunsmithing. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the benchmat is used on a clean, stable, and dry surface.
- Regularly inspect the benchmat for any signs of wear or damage.
- Keep the benchmat away from extreme heat sources, sharp objects, or chemicals that may cause degradation.
- Do not use the benchmat for any purpose other than its intended use.
- Store the benchmat rolled up or flat in a dry area to maintain its shape and functionality.

## Specific Safety Precautions for Use

- Avoid placing heavy objects on the benchmat for prolonged periods as this may cause deformation.
- Be cautious when using tools that may produce sparks or heat near the benchmat.
- If using solvents or oils, ensure proper ventilation in your workspace to avoid inhalation of fumes.
- Keep the benchmat out of reach of children and pets to prevent accidental damage or injury.
- If the benchmat becomes soiled, clean it with a mild detergent and water. Avoid harsh chemicals that may damage the material.

## Instructions for Installation and Usage

### 1. Unrolling the Benchmat:

- Carefully unroll the benchmat and lay it flat on your workbench.
- Ensure that it is positioned correctly to cover the desired workspace.

### 2. Securing the Benchmat:

- The nonslip rubber base will provide stability. Press down on the mat to ensure it adheres well to the surface.
- Check that the edges of the mat are lying flat and not curled up.

### 3. Using the Benchmat:

- Place your tools, parts, and other items on the benchmat as needed.
- Utilize the contrasting colors of the mat for better visibility of small parts.

### 4. Cleaning the Benchmat:

- After use, wipe down the benchmat with a damp cloth to remove any dirt or residue.
- Allow it to air dry completely before rolling it up for storage.

## Disposal Instructions

- When the benchmat reaches the end of its life cycle, dispose of it responsibly.
- Check local regulations for guidance on disposing of synthetic rubber materials.
- If possible, recycle the benchmat according to local recycling programs.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the Brownells NonSlip Benchmat Deskpad, please refer to the contact information provided on the packaging or consult the retailer where the product was purchased.

By following these safety instructions, you can ensure a safe and effective experience while using your NonSlip Benchmat Deskpad. Thank you for your attention to safety!
