

MTH 375 CALIBER (0.375") RIFLE BULLETS - MTH 375 CAL (0.375") LEAD FREE HP SINGLE FEED 375GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This is a SINGLE FEED bullet was designed for large cartridge .375 rifles. Curtting Edge's MTH® line is machined out of lead free solid copper bar stock on a CNC lathe. These are a high BC, expanding bullet designed for hunting at all ranges. A unique feature of this bullet is their patented SealTite® band which is a band slightly larger than caliber diameter around the bullet which was designed to eliminate fliers by preventing gas blow-by. The SealTite® band also decreases copper fouling which is typically associated with mono metal bullets. These bullets do not mushroom, but instead, fracture. After 1-2" of penetration, 3-4 petals will break off and radiate outward from the main wound channel about 2-3" creating massive trauma. They will expand down to 1600fps.

Attributes

- Name: [MTH 375 CAL \(0.375"\) LEAD FREE HP SINGLE FEED 375GR 50/BOX](#)
- Manufacturer: [CUTTING EDGE BULLETS](#)
- Product no.: 430110695
- Mfr. No.: MTH 375 375 MAX
- Ballistic Coefficient (G1): 0.843
- Ballistic Coefficient (G7): 0.432
- Brand Style: Match Tactical Hunting
- Bullet Style: Lead Free Hollow Point
- Caliber: 375 Caliber
- Diameter (in): 0.375
- Grain: 375
- Quantity: 50
- Delivery weight: 1.216kg
- UPC: 812191022071

MTH 375 Caliber Rifle Bullets Safety Instruction Guide

Introduction

Thank you for choosing the MTH 375 Caliber (0.375") Rifle Bullets. This guide provides essential safety instructions and guidelines for the safe use of this product, ensuring compliance with the EU General Product Safety Regulation (GPSR). Please read this guide thoroughly before using the product.

General Safety Guidelines

- Always handle ammunition with care and respect.
- Store bullets in a cool, dry place, away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized users.
- Use only in firearms that are designed for the .375 caliber.
- Always follow the manufacturer's instructions and guidelines for your specific firearm.
- Be aware of your surroundings and ensure a safe shooting environment.
- Never point a firearm at anything you do not intend to shoot.
- Always wear appropriate eye and ear protection when shooting.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded when loading or unloading ammunition.
- Do not use damaged or corroded bullets.
- Check for proper seating of the bullet in the cartridge before firing.
- Avoid using bullets that have been exposed to extreme temperatures or conditions.
- Be cautious of potential ricochet when shooting in environments with hard surfaces.
- Always verify the target and what is beyond it before firing.
- Do not attempt to modify the bullets or use them in a manner not recommended by the manufacturer.

Instructions for Installation and Usage

1. Loading the Bullets:

- Ensure the firearm is pointed in a safe direction.
- Open the action of the firearm and visually inspect to ensure it is unloaded.
- Insert the MTH 375 Caliber bullet into the cartridge case, ensuring it is seated correctly.
- Close the action of the firearm securely.

2. Firing the Bullets:

- Confirm that the firearm is in a safe condition and that the muzzle is pointed downrange.
- Place the safety in the "off" position as per the firearm's instructions.
- Aim at the target and squeeze the trigger smoothly to fire.

3. PostFiring:

- After firing, keep the firearm pointed downrange until you are ready to unload.
- Open the action and visually inspect to ensure the firearm is unloaded.
- Store any unused bullets securely and safely.

Disposal Instructions

- Dispose of used or damaged bullets in accordance with local regulations.
- Do not discard bullets in regular household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MTH 375 Caliber Rifle Bullets, please reach out to your local distributor or manufacturer. They can provide the necessary assistance and information.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your MTH 375 Caliber Rifle Bullets. Always prioritize safety and responsible usage. Thank you for your attention to these important instructions.
