

MAXIMUS 7MM CALIBER (0.284") RIFLE BULLETS - CUTTING EDGE BULLETS MAXIMUS 7MM CALIBER (0.284") SOLID COPPER HP 132GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

The all new MAXIMUS® line is a hybrid between Cutting Edge's popular high BC MTH® bullets and their extreme trauma producing Raptor™ bullets. This truly unique line is the missing piece in the Cutting Edge Bullets product line offering. Cutting Edge have offered an extensive number of bullet lines to fill every need, but the one thing that was missing was a bullet Designed for high BC AND high trauma. The Maximus® line is a hybrid between CEB's high BC MTH (Match/Tactical/Hunting)® line and their high trauma Raptor™ line, filling in the missing piece of the CEB product line offering. The Maximus® is also designed to be more destructive and have deeper penetration than the Raptor series. After 4-6" of penetration, 4-8 blades break off and create one large, massive wound channel. The number of blades shed is dependent upon velocity. Eight blades will break off at impact velocities over 2400fps, and below that, 4 larger blades will break off down to 1400fps. They feature a sleek, smooth profile and feature Cutting Edge's unique SealTite® Band. This patented technology is a band slightly larger than caliber diameter around the body of the bullet which creates a complete seal as the bullet exits the case and maintains that seal until it exits the barrel. This in turn increases accuracy by eliminating gas blow-by and decreasing copper fouling. The Maximus line has also been designed to be heavier than the Raptor series making them more appealing to traditional, lead core bullet users. Key features of the MAXIMUS: Caliber: .284/7mm OAL: 1.271" Projection Length: .760" Min Impact Velocity Required for Expansion: 1300fps Extreme trauma High BC (.420 G1 - .215 G7) Heavier weight Competitively priced

Attributes

- Name: [CUTTING EDGE BULLETS MAXIMUS 7MM CALIBER \(0.284"\) SOLID COPPER HP 132GR 50/BOX](#)
- Manufacturer: [CUTTING EDGE BULLETS](#)
- Product no.: 430110699
- Mfr. No.: M.284 132
- Ballistic Coefficient (G1): 0.420
- Ballistic Coefficient (G7): 0.215
- Brand Style: Maximus
- Bullet Style: Hollow Point (HP)
- Caliber: 7mm
- Diameter (in): 0.284
- Grain: 132
- Quantity: 50
- Delivery weight: 0.426kg
- UPC: 812191023887

MAXIMUS 7MM CALIBER (0.284") RIFLE BULLETS

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the MAXIMUS 7MM CALIBER (0.284") RIFLE BULLETS. This safety instruction guide provides essential information to ensure safe handling and use of the product. Please read this guide carefully before using the bullets to ensure a safe and enjoyable shooting experience.

General Safety Guidelines

- Ensure that you are familiar with all relevant firearm safety rules and regulations before using this product.
- Always treat every firearm as if it is loaded.
- Keep firearms pointed in a safe direction at all times.
- Store ammunition and firearms securely, out of reach of children and unauthorized users.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- Only use the MAXIMUS 7MM CALIBER (0.284") RIFLE BULLETS in firearms that are specifically designed for this caliber.
- Verify that the firearm is in good working condition before use.
- Do not exceed the recommended load data for your specific firearm.
- Ensure that the bullets are stored in a cool, dry place to maintain performance.
- Avoid using damaged or deformed bullets.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary equipment, including your firearm, ammunition, and safety gear.
- Check the firearm's manual for specific instructions on loading and unloading.

2. Loading the Bullets:

- Carefully load the MAXIMUS bullets into the cartridge cases as per the manufacturer's guidelines.
- Ensure that the bullets are seated properly and securely.

3. Firing:

- When ready to fire, ensure that your firearm is pointed in a safe direction.
- Follow the standard operating procedures for firing your specific firearm.
- Be aware of the potential for high trauma and ensure that the shooting area is clear of bystanders.

4. PostFiring:

- After shooting, inspect the firearm and ammunition for any signs of damage or malfunction.
- Store any unused bullets in a secure location.

Disposal Instructions

- Dispose of used or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular trash. Contact local waste management authorities for proper disposal methods.
- Ensure that all spent casings and bullets are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any questions or concerns regarding the MAXIMUS 7MM CALIBER (0.284") RIFLE BULLETS, please refer to the manufacturer's website or contact the manufacturer directly for assistance.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your MAXIMUS 7MM CALIBER (0.284") RIFLE BULLETS. Always prioritize safety and responsible use.
