## COMPLETE SLIDE ASSEMBLY WITH BARREL FOR GLOCK 17

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Complete Upper Assembly for Upgrading Your Factory G17 or a Custom Build  
Top off your next custom pistol build or upgrade with our Complete RMR Slide  
Assembly for Glock® 17 Gen3, available in three configurations. You can get  
your slide with a premium match-quality barrel, a  $\frac{1}{2}$ "-28 tpi threaded barrel to  
accept a sound suppressor, or with a ported barrel that vents through a  
window in the top of the slide to counteract muzzle rise and help you keep the  
sights on the target for subsequent shots. This eliminates the need to install a  
bulky compensator on the muzzle, which means your new comped pistol will  
still fit standard holsters for the Glock® 17. These slides come fully assembled  
with the barrel and all the internal small parts installed, making this RMR Slide  
the ideal upgrade for your factory Glock® 17 Gen3 pistol or the perfect "top  
half" for a brand-new custom gun built on a compatible frame from another  
manufacturer. It features a pre-cut slot for easy, secure, low-profile mounting  
of a reflex red dot sight that fits the Trijicon RMR footprint. If you're not  
mounting a red dot at the moment, we've included a lightweight reinforced  
polymer cover plate to neatly fill the slot. Our RMR Slide comes with standard-  
height front and rear sights, which can serve as your primaries or a backup  
"iron" sights when paired with a red dot sight. Comes COMPLETE with barrel,  
front & rear sights, and small parts installed Fits Gen3 Glock® 17 pistols &  
clones Built-in mounting slot for reflex sights with the Trijicon RMR footprint  
Optic slot cover plate & recoil spring assembly also included Slide machined  
from 416 stainless steel billet, with a Black Nitride finish Choice of Solid top  
slide with standard barrel or  $\frac{1}{2}$ "-28 tpi threaded barrel, OR distinctive top  
Window slide with ported/compensated barrel Each RMR Slide for Glock®  
starts life as a billet of 416 stainless steel that is machined to Glock® factory  
specifications inside, with a tough, extremely wear-resistant black Nitride  
finish. This slide fits standard Glock® factory G17 frames and compatible  
aftermarket frames. The match-quality barrel is machined from premium 416R  
stainless steel alloy. The muzzle of the threaded barrel has standard  $\frac{1}{2}$ "-28 tpi  
threads. The ported barrel has eight ports angled to provide just the right  
counterforce to muzzle rise. On the sides at the rear, you'll find distinctive  
wide, shallow cocking serrations that give excellent "purchase" to rack the  
slide, plus a mirrored set of serrations up front that aid in manipulating the  
slide to press-check the chamber. Both sets of serrations make it easy to  
manipulate your pistol's slide from any angle and in any position. Hey, we  
have to admit these serrations just look very cool, too! Whether you're  
assembling a custom pistol to meet specific needs, or you're upgrading a  
factory Glock 17 for enhanced performance and versatility, a Brownells  
complete slide assembly is helps you complete your project quickly and easily!  
Brownells Gun Tech™ Note: Channel liner required for these slides. Channel  
liner is a press fit and requires a tool to install. We recommend #777-100-017.

# Safety Instruction Guide for COMPLETE SLIDE ASSEMBLIES FOR GLOCK 17®

## Introduction

Thank you for choosing the Brownells Complete Slide Assembly for Glock 17. This guide provides essential safety instructions to ensure the proper and safe use of your product. Please read this manual carefully before installation and usage to minimize risks and enhance your experience.

## General Safety Guidelines

- Always treat your firearm and its components with respect and care.
- Ensure that the firearm is unloaded before performing any installation or maintenance.
- Verify that the Complete Slide Assembly is compatible with your specific Glock model.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- If you experience any malfunctions or issues, cease use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Ensure proper eye protection is worn when handling and shooting your firearm.
- Use only ammunition that is compatible with your Glock 17 and the installed slide assembly.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not modify the slide assembly or firearm in any way that is not recommended by the manufacturer.
- Avoid exposing the slide assembly to extreme temperatures or harsh chemicals that may affect its performance.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and in a safe condition.
- Gather necessary tools, including a channel liner installation tool (recommended: #777100017).

### 2. Installation Steps:

- Remove the factory slide from your Glock 17 by following the manufacturer's guidelines.
- Install the channel liner into the slide assembly using the recommended tool.
- Align the slide assembly with the frame of the Glock 17, ensuring proper fit.
- Securely attach the slide assembly to the frame, ensuring all components are properly seated.

### 3. Usage Instructions:

- Once installed, perform a function check to ensure everything operates correctly.
- Test the firearm in a safe and controlled environment before regular use.
- Regularly maintain and clean the slide assembly as recommended in the product specifications.

## Disposal Instructions

- When disposing of any firearm components, follow local laws and regulations regarding hazardous materials.
- Do not throw away the slide assembly in regular waste. Instead, consult with local authorities for proper disposal methods.

## Contact Information for Further Support

For any inquiries or support regarding your Complete Slide Assembly for Glock 17, please refer to the manufacturer's website or customer service for assistance.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Brownells Complete Slide Assembly for Glock 17. Always prioritize safety and responsible handling of your firearm.
