

COMPLETE SLIDE ASSEMBLIES FOR GLOCK 17® - BROWNELL'S COMPLETE WINDOW SLIDE ASSEMBLY W/PORTED BARREL FOR GLOCK 17

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Complete Upper Assembly for Upgrading Your Factory G17 or a Custom Build
Top off your next custom pistol build or upgrade with our Complete RMR Slide
Assembly for Glock® 17 Gen3, available in three configurations. You can get
your slide with a premium match-quality barrel, a $\frac{1}{2}$ "-28 tpi threaded barrel to
accept a sound suppressor, or with a ported barrel that vents through a
window in the top of the slide to counteract muzzle rise and help you keep the
sights on the target for subsequent shots. This eliminates the need to install a
bulky compensator on the muzzle, which means your new comped pistol will
still fit standard holsters for the Glock® 17. These slides come fully assembled
with the barrel and all the internal small parts installed, making this RMR Slide
the ideal upgrade for your factory Glock® 17 Gen3 pistol or the perfect "top
half" for a brand-new custom gun built on a compatible frame from another
manufacturer. It features a pre-cut slot for easy, secure, low-profile mounting
of a reflex red dot sight that fits the Trijicon RMR footprint. If you're not
mounting a red dot at the moment, we've included a lightweight reinforced
polymer cover plate to neatly fill the slot. Our RMR Slide comes with standard-
height front and rear sights, which can serve as your primaries or a backup
"iron" sights when paired with a red dot sight. Comes COMPLETE with barrel,
front & rear sights, and small parts installed Fits Gen3 Glock® 17 pistols &
clones Built-in mounting slot for reflex sights with the Trijicon RMR footprint
Optic slot cover plate & recoil spring assembly also included Slide machined
from 416 stainless steel billet, with a Black Nitride finish Choice of Solid top
slide with standard barrel or $\frac{1}{2}$ "-28 tpi threaded barrel, OR distinctive top
Window slide with ported/compensated barrel Each RMR Slide for Glock®
starts life as a billet of 416 stainless steel that is machined to Glock® factory
specifications inside, with a tough, extremely wear-resistant black Nitride
finish. This slide fits standard Glock® factory G17 frames and compatible
aftermarket frames. The match-quality barrel is machined from premium 416R
stainless steel alloy. The muzzle of the threaded barrel has standard $\frac{1}{2}$ "-28 tpi
threads. The ported barrel has eight ports angled to provide just the right
counterforce to muzzle rise. On the sides at the rear, you'll find distinctive
wide, shallow cocking serrations that give excellent "purchase" to rack the
slide, plus a mirrored set of serrations up front that aid in manipulating the
slide to press-check the chamber. Both sets of serrations make it easy to
manipulate your pistol's slide from any angle and in any position. Hey, we
have to admit these serrations just look very cool, too! Whether you're
assembling a custom pistol to meet specific needs, or you're upgrading a
factory Glock 17 for enhanced performance and versatility, a Brownells
complete slide assembly is helps you complete your project quickly and easily!
Brownells Gun Tech™ Note: Channel liner required for these slides. Channel
liner is a press fit and requires a tool to install. We recommend #777-100-017.

Safety Instruction Guide for COMPLETE SLIDE ASSEMBLIES FOR GLOCK 17

Introduction

Thank you for choosing the COMPLETE SLIDE ASSEMBLIES FOR GLOCK 17 by Brownells. This guide provides essential safety instructions and usage guidelines to ensure a safe and effective experience with your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms and related components with care.
- Keep the slide assembly out of reach of children and unauthorized users.
- Inspect the product for any visible damage before installation.
- Follow all local laws and regulations regarding firearm modifications and usage.
- If you are unsure about any aspect of installation or use, seek assistance from a qualified gunsmith.

Specific Safety Precautions for Use

- Do not use the slide assembly with incompatible firearm models.
- Ensure that the firearm is unloaded before installing or modifying any components.
- Use appropriate eye and ear protection when handling firearms.
- Be aware of your surroundings and ensure a safe shooting environment.
- Avoid exposing the slide assembly to extreme temperatures or harsh chemicals.
- Regularly check the slide assembly for signs of wear or damage, and replace it if necessary.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools, including the recommended channel liner installation tool (#777100017).

2. Removing the Existing Slide:

- Follow the manufacturer's instructions to remove the existing slide from your Glock 17.

3. Installing the Channel Liner:

- Press fit the channel liner into the slide assembly using the appropriate tool.

4. Attaching the Complete Slide Assembly:

- Align the slide assembly with the frame of the Glock 17.
- Slide it into place until it is fully seated.

5. Final Checks:

- Perform a function check to ensure the assembly operates correctly.
- Check that all components are securely installed and functioning as intended.

Usage Instructions

- Always treat your firearm as if it is loaded.
- Maintain proper shooting stance and grip when using the firearm.
- Regularly clean and maintain the slide assembly to ensure optimal performance.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

Disposal Instructions

- Dispose of the slide assembly in accordance with local regulations regarding firearm components.
- Do not dispose of the product in regular household waste.
- Contact local authorities or waste management facilities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the COMPLETE SLIDE ASSEMBLIES FOR GLOCK 17, please refer to the manufacturer's website or contact their customer service for assistance.

By following these guidelines, you can ensure a safe and enjoyable experience with your Brownells COMPLETE SLIDE ASSEMBLIES FOR GLOCK 17. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important instructions.
