

# SLIDES W/ 407K CUT FOR GLOCK 43® - BROWNELLS BRN WINDOW SLIDE ASSEMBLY FOR GLOCK 43 WITH HOLOSUN 407K CUT

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Build a Compact Custom EDC Pistol With Integral Red Dot Sight Mount Do you want to upgrade for your factory G43 or build a brand-new custom gun on a compatible frame from another manufacturer? The Brownells Slide for Glock® 43 pistols is just the ticket for this project! Our slide features a pre-cut slot for easy, secure, low-profile mounting of a reflex red dot sight that fits the Holosun 407K footprint (adapter plates are available separately for RMR sights). If you're not mounting a red dot at the moment, we've included a lightweight polymer cover plate to neatly fill the slot. Our G43 Slide comes with standard-height front and rear sights, which can serve as your primaries or as backup "iron" sights when paired with a red dot sight. You can get your Brownells RMR Slide for Glock® 43 with the standard solid top or with a "window" cutout up front that enhances air flow to cool the barrel - ideal for hard-working action competition pistols. If you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, flames, etc.) the window lets you show it off! Or install our ported barrel for Glock 43, and combustion gas venting from the barrel ports through the window will counteract muzzle rise and help you keep the sights on the target for subsequent shots. There's no need to install a bulky compensator on the muzzle, which means your new comped pistol will still fit holsters for the standard Glock® 43. Fits Glock® 43 pistols & clones Built-in mounting slot for reflex sights with the Holosun 407K footprint Optic slot cover plate & recoil spring assembly also included Factory front/rear iron sights installed Machined from 416 stainless steel billet, black Nitride finish Available with traditional Solid top or distinctive top Window cutout Each of our slides for Glock® starts life as a billet of 416 stainless steel that is machined to Glock® factory specifications inside, so it'll accept factory or aftermarket barrels and internal "small" parts. Each slide comes with a tough, wear-resistant black Nitride finish. This slide fits standard Glock® factory G43 frames and compatible aftermarket frames. On the sides at the rear, you'll find distinctive wide, shallow cocking serrations that give excellent "purchase" to rack the slide, plus a mirror set of serrations up front that aid in manipulating the slide to press-check the chamber. Both sets of serrations make it easy to manipulate your pistol's slide from any angle and in any position. And we'll admit it: these serrations just look cool, too! Whether you're doing an ambitious "built from scratch" custom pistol or you're upgrading a factory Glock 43 for enhanced versatility, a Brownells slide is the perfect component for your project! Brownells Gun Tech™ Note: Channel liner required for these slides (#078000649). Channel liner is a press fit and requires a tool to install; we recommend #777100017.

## Attributes

- Name: [BROWNELLS BRN WINDOW SLIDE ASSEMBLY FOR GLOCK 43 WITH HOLOSUN 407K CUT](#)

# Safety Instruction Guide for SLIDES W/ 407K CUT FOR GLOCK 43® BROWNELLS BRN WINDOW SLIDE ASSEMBLY

## Introduction

Thank you for choosing the Brownells Slide for Glock® 43 pistols. This product is designed to enhance your shooting experience with a compact custom EDC pistol equipped with an integral red dot sight mount. Please read this safety instruction guide carefully to ensure safe use and compliance with EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that you are familiar with the operation of your Glock® 43 pistol before using the Brownells slide.
- Always treat firearms as if they are loaded. Keep the firearm pointed in a safe direction at all times.
- Store the slide and your pistol securely to prevent unauthorized access, especially from children.
- Inspect the slide regularly for any signs of wear or damage. Do not use the slide if it is damaged.
- Do not modify the slide or any components without consulting a qualified gunsmith.
- Always wear appropriate safety gear, including eye and ear protection, when handling firearms.
- Be aware of your surroundings and ensure a safe shooting environment.

## Specific Safety Precautions for Use

- The Brownells slide is designed to fit Glock® 43 pistols and compatible clones. Ensure compatibility before installation.
- Do not attempt to install the slide on any firearm that it is not designed for.
- When mounting a reflex sight, ensure it is securely fastened and properly aligned to avoid misalignment during use.
- If using a ported barrel, be aware that combustion gases will vent through the window cutout, which may affect the handling of the firearm.
- If you are unsure about the installation of the slide or any associated components, seek assistance from a qualified gunsmith.
- Ensure that all safety features of your Glock® 43 are functioning correctly after installation.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your Glock® 43 is unloaded and the magazine is removed.
- Gather necessary tools, including a channel liner installation tool (#777100017) if required.

### 2. Installation:

- Remove the factory slide from the Glock® 43 frame.
- Install the channel liner into the Brownells slide, ensuring a secure press fit.
- Align the Brownells slide with the frame and gently slide it into place.
- Ensure that the slide is properly seated and functions smoothly.

### 3. Mounting Reflex Sight:

- If you are installing a reflex sight, remove the cover plate from the precut slot.
- Align the reflex sight with the Holosun 407K footprint and secure it according to the manufacturer's

instructions.

- Replace the cover plate if not using a reflex sight.

#### **4. Final Checks:**

- Conduct a function check of the firearm to ensure that the slide operates correctly with the Glock® 43 frame.
- Verify that the front and rear sights are properly aligned for accurate shooting.

#### **5. Usage:**

- Follow all standard firearm safety rules while using your Glock® 43 with the Brownells slide.
- Regularly check the mounting of the reflex sight and the condition of the slide during use.

## **Disposal Instructions**

- Dispose of the slide and any packaging materials in accordance with local regulations.
- Do not dispose of the slide in regular household waste if it shows signs of damage or wear.
- Contact your local waste management authority for guidance on safe disposal methods for metal components.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the Brownells Slide for Glock® 43, please refer to the contact information provided with your product packaging or visit the manufacturer's website for assistance.

## **Conclusion**

The Brownells Slide for Glock® 43 pistols is a highquality component designed for enhanced performance and versatility. By following the safety guidelines and instructions outlined in this guide, you can ensure safe and effective use of your new slide. Always prioritize safety and responsible firearm handling practices. Thank you for your purchase!
