RPB Muzzle Brake Safety Instructions

Introduction

Thank you for choosing the RPB Muzzle Brake by Rearden Manufacturing Group LLC. This guide provides essential safety instructions and usage information to ensure the safe operation of your muzzle brake. Please read and understand all sections carefully before installation and use.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as specified in this manual.
- Always follow local laws and regulations regarding firearm accessories.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the muzzle brake for signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Alignment Rod:** Always use an alignment rod to confirm proper setup.
- **Cleaning:** Ensure all surfaces are clean before installation. This includes the muzzle device and barrel threads.
- **Torque Specifications:**
 - Torque the muzzle device to approximately 30 ftlbs.
 - Torque the suppressor to 10 ftlbs.
- **Square Fit:** Ensure the muzzle device is square against the shoulder to avoid misalignment.
- **Use of Rockset:** Apply Rockset to secure the muzzle device to the barrel properly.
- **Warranty Notice:** Using the muzzle brake on a Q can void your warranty. Use caution.
- **Nitride Finish:** The nitride finish provides a tighter seal; therefore, proper torque and Rockset application is crucial.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools including an alignment rod, torque wrench, and cleaning supplies.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Cleaning:

- Clean the muzzle device and barrel threads thoroughly to remove any debris or oils.

3. Installation:

- Align the muzzle brake with the barrel using the alignment rod.
- Secure the muzzle brake onto the barrel, ensuring it is square against the shoulder.
- Torque the muzzle device to approximately 30 ftlbs using a torque wrench.
- Apply Rockset to the threads to secure the muzzle device.

4. Suppressor Attachment:

- Clean the threads and tapers on the suppressor.
- Attach the suppressor to the muzzle device.
- Torque the suppressor to 10 ftlbs to ensure proper attachment.

5. **Final Check:**

- Inspect the installation to ensure everything is aligned and secured properly.
- Conduct a function check on your firearm in a safe environment.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not throw the product in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please contact the manufacturer directly through the appropriate channels. Be sure to have your product details ready for reference.

Please remember that safety is paramount when handling firearms and their accessories. Always prioritize responsible usage and adhere to all safety guidelines. Enjoy your RPB Muzzle Brake responsibly.
