Safety Instruction Guide for MINI MUZZLE BRAKE

Introduction

Thank you for choosing the MINI MUZZLE BRAKE by Rearden Manufacturing Group LLC. This product is designed to enhance your shooting experience while ensuring safety and compliance with EU General Product Safety Regulations (GPSR). Please read this guide carefully to understand how to use, install, and maintain your muzzle brake safely.

General Safety Guidelines

- Always follow local laws and regulations regarding the use of firearm accessories.
- Ensure that the product is suitable for your firearm and intended use.
- Inspect the product for any visible damage before use.
- Store the product in a secure location, away from children and unauthorized users.
- Report any unsafe products or incidents to local authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use an alignment rod to ensure proper setup of the muzzle brake.
- Clean all surfaces of the muzzle device and the barrel before installation.
- Ensure the muzzle device is properly torqued and secured with Rockset.
- Avoid using the muzzle brake with a Q can, as this may void your warranty.
- Torque the muzzle device to approximately 1525 ft lbs.
- Ensure the muzzle device is square against the shoulder for optimal performance.
- When attaching the suppressor, ensure threads and tapers are clean.
- Torque the suppressor to 10 ft lbs and check for alignment.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools, including an alignment rod, torque wrench, and cleaning materials.
- Ensure you are in a safe and controlled environment for installation.

2. Cleaning:

- Clean the barrel and muzzle device surfaces thoroughly to remove any debris or oil.

3. Installation:

- Align the muzzle brake with the barrel using the alignment rod.
- Secure the muzzle device onto the barrel, ensuring it is square against the shoulder.
- Torque the muzzle device to a range of 1525 ft lbs using a torque wrench.
- Apply Rockset to secure the muzzle device.

4. Attaching the Suppressor:

- Clean the threads and tapers of both the muzzle device and suppressor.
- Attach the suppressor, ensuring proper alignment.
- Torque the suppressor to 10 ft lbs.

5. Final Checks:

- Inspect the installation to ensure everything is secure and aligned.
- Conduct a test to confirm the functionality of the muzzle brake.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For further assistance or inquiries regarding safety, please contact the manufacturer directly. Ensure you have the product details available for reference.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MINI MUZZLE BRAKE. Thank you for your attention to safety and compliance.
