# Safety Instruction Guide for MINI MUZZLE BRAKE

## Introduction

Thank you for choosing the MINI MUZZLE BRAKE by Rearden Manufacturing Group LLC. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your product. Please read this guide carefully before using the MINI MUZZLE BRAKE.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the installation and usage instructions provided in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check the product for any signs of damage or wear.
- If you notice any defects or unusual behavior, discontinue use immediately and seek assistance.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always use an alignment rod to ensure proper setup.
- Clean all surfaces before installation to ensure a secure fit.
- Ensure that the muzzle device is torqued and secured with Rockset to the barrel.
- Avoid using the muzzle brake on a Q can, as it may void your warranty.
- Torque the muzzle device to approximately 1525 ft lbs.
- Ensure that the muzzle device is square against the shoulder before attaching the suppressor.
- Clean the threads and tapers before installing the silencer.
- Torque the suppressor to 10 ft lbs to ensure proper alignment.
- Always doublecheck the alignment after installation.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including an alignment rod, torque wrench, and cleaning materials.
- Ensure the working area is clean and free from distractions.

### 2. Installation Steps:

- Clean the barrel and the muzzle device thoroughly.
- Align the muzzle brake with the shoulder of the barrel using the alignment rod.
- Secure the muzzle device by torquing it to 1525 ft lbs.
- Once secured, check that the muzzle device is square against the shoulder.
- Clean the threads and tapers of the suppressor.
- Attach the suppressor to the muzzle device and torque it to 10 ft lbs.
- Verify that everything is aligned correctly.

### 3. PostInstallation:

- After installation, perform a visual inspection to ensure everything is secure.
- Test the setup in a safe environment to confirm proper function.

## **Disposal Instructions**

- Dispose of the product according to local regulations for hazardous materials.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the MINI MUZZLE BRAKE, please refer to the manufacturer's contact details provided with your product. It is important to reach out for any safety inquiries or additional support.

By following these guidelines, you can ensure the safe and effective use of your MINI MUZZLE BRAKE. Thank you for your attention to safety, and enjoy your product responsibly.
