**MAGWELL FOR SMITH & WESSON M&P 2.0 FULL SIZE** This Magwell is exclusively designed for the Smith & Wesson Full Size M&P 2.0, ensuring a perfect fit for both the 9mm and .40 caliber versions. This isn't a one-size-fits-all solution; it's a tailored accessory for your specific firearm model, ensuring you don't compromise on performance or aesthetics. Every Magwell produced at Tyrant CNC is CNC machined from 6061 aluminum, ensuring a precision fit and unmatched durability. They select this material for its appearance and durability, which makes the Magwell lightweight and strong for extended tough use. The Magwell has a hardcoat anodized finish. This finish makes it resistant to scratches and durable over time. It also helps to keep its look and quality even with frequent use. **SPECIFICATIONS:** Platform: Smith and Wesson Designed For Models: M&P 9/.40 Fitment Notes: Fits on M&P Full Size 2.0 ONLY. Metal Frame Version is NOT compatible. Compatible with OEM Magazines and aftermarket magazine extensions.

# Safety Instruction Guide for MAGWELL FOR SMITH & WESSON M&P 2.0 FULL SIZE TYRANT CNC MAGWELL

## Introduction

Thank you for choosing the MAGWELL FOR SMITH & WESSON M&P 2.0 FULL SIZE by Tyrant CNC. This product is designed specifically for the Smith & Wesson Full Size M&P 2.0, ensuring optimal performance and aesthetics. It is essential to follow the safety guidelines outlined in this document to ensure safe use and maintain the integrity of your firearm.

## General Safety Guidelines

- Ensure that you are familiar with the operation and handling of your Smith & Wesson M&P 2.0 before installing the magwell.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the magwell and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the magwell for signs of wear or damage before use.
- In case of any recalls or safety notices, follow the guidance provided by the manufacturer.

## Specific Safety Precautions for Use

- The magwell is designed for use with the Smith & Wesson M&P 2.0 Full Size models only. Do not attempt to use it with other models or metal frame versions.
- Ensure that the firearm is unloaded before installing or removing the magwell.
- Avoid using the magwell if it shows any signs of damage or if it does not fit securely on the firearm.
- Do not modify the magwell or attempt to make any alterations to its design.
- Always wear appropriate eye protection when handling firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your Smith & Wesson M&P 2.0 is unloaded.
- Gather necessary tools for installation, if required.

### 2. Installation:

- Align the magwell with the grip of the firearm.
- Press the magwell firmly into place until it fits snugly.
- Ensure that the magwell does not obstruct the magazine well or any other components of the firearm.

### 3. Usage:

- Once installed, test the fit by inserting and removing the magazine to ensure smooth operation.
- Regularly check the stability of the magwell during use and reattach if necessary.

### 4. Maintenance:

- Periodically clean the magwell with a soft cloth to remove dirt and debris.
- Inspect the magwell regularly for any signs of wear or damage.

## **Disposal Instructions**

- Dispose of the magwell in accordance with local regulations for metal recycling.
- If the magwell is damaged beyond use, ensure it is disposed of safely to prevent any potential hazards.

## **Contact Information for Further Support**

For any inquiries regarding safety or product concerns, please reach out to the appropriate EUbased contact point provided with your product documentation.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your MAGWELL FOR SMITH & WESSON M&P 2.0 FULL SIZE TYRANT CNC MAGWELL. Thank you for your attention to safety, and enjoy your product responsibly.
