EXTENDED SLIDE RELEASE FOR SPRINGFIELD ARMORY HELLCAT Unlock the full potential of your Hellcat series firearm with Tyrant CNC's Springfield Hellcat Extended Slide Release. Engineered for precision, durability, and ease of use, this Springfield Armory slide release is a must-have upgrade for every Springfield Hellcat series owner. No more struggling with a super stiff AND small slide release button. Enjoy the increased surface area of the Tyrant CNC Extended Slide Release all while maintaining holster compatibility with all the popular brands! Whether you're a competitive shooter, law enforcement officer, or a firearms enthusiast, this Extended Slide Release for the Springfield Hellcat series offers unmatched functionality and aesthetic appeal, aligning perfectly with your Springfield Hellcat parts and accessories collection. Premium Quality Material Crafted from high-grade stainless steel through the advanced process of metal injection molding, our extended slide release stands out in both strength and reliability. The stainless steel construction ensures a robust and lasting build, capable of withstanding the most challenging conditions. Each slide release is bead blasted, adding to its resilience and providing a sleek, matte finish that complements the firearm's design. Exceptional Durability with PVD Coating To further enhance its endurance and resistance to wear, the Tyrant CNC Extended Slide Release is treated with a premium PVD (Physical Vapor Deposition) coating. This state-of-the-art coating process not only gives the slide release an extra layer of protection against corrosion and abrasion but also offers an option to personalize your firearm with a choice of black or gold finishes. The heat-treated surface is meticulously crafted to endure hard use, ensuring that the slide release maintains its integrity and functionality over time. Laser Welded for Superior Strength The button surface area of the slide release is 1.5x more material than the OEM Release. The button is machined separately then laser welded, creating an incredibly strong bond that surpasses the firearm's life limit. This laser welding technique ensures that the Tyrant CNC Hellcat slide release will remain firmly intact, providing a consistent and reliable performance throughout the lifespan of your Springfield Hellcat or Hellcat Pro. Ergonomic Design for Enhanced Usability Understanding the importance of quick and efficient operation, the Tyrant CNC Extended Slide Release is ergonomically designed to provide a more substantial surface area for easy engagement. This extended design is particularly beneficial in high-stress situations, allowing for swift and effortless slide manipulation. There should be no interference with most popular holsters on the market today as the slide release's contour and size are optimized to prevent accidental engagement while ensuring accessibility when needed, making it an ideal choice for both tactical and everyday use. Seamless Integration with Hellcat Aesthetics In line with Tyrant CNC's commitment to excellence, this extended slide release is not just functional but also aesthetically pleasing. Its design harmonizes with the overall look of the Springfield Armory Hellcat series line, enhancing the firearm's appearance while maintaining its sleek profile. Whether you choose the classic black or the striking gold finish, the slide release adds a touch of sophistication to your firearm. Easy Installation and Compatibility Installation of the Tyrant CNC Extended Slide Release is straightforward, allowing for a quick and hassle-free upgrade. Compatible with both the Springfield Armory

Hellcat models, this slide release is a versatile addition to your firearm, improving its functionality without any permanent modifications. Ideal for Various Applications Whether you're engaged in competitive shooting, personal defense, or law enforcement activities, the Tyrant CNC Extended Slide Release for the Springfield Hellcat and Hellcat Pro is an indispensable accessory. Its robust build, enhanced usability, and sleek design make it a top choice for those seeking to upgrade their firearm with high-quality Springfield Hellcat parts and accessories. SPECIFICATIONS: Platform: Springfield Armory Designed For Models: Hellcat, Hellcat Pro Fitment Notes: Fits on most Hellcat series pistols (standard, Pro, RDP, OSP). Works with all popular holsters. Do not use with 10 round magazines-may cause damage to slide release. FEATURES: extended surface area for ease of use Heat treated stainless steel Laser welded button

# Safety Instruction Guide for Tyrant CNC Extended Slide Release for Springfield Armory Hellcat

## Introduction

Thank you for choosing the Tyrant CNC Extended Slide Release for your Springfield Armory Hellcat. This guide provides essential safety instructions, installation steps, and general care information to ensure safe and effective use of the product. Please read this guide carefully before use.

## General Safety Guidelines

- **Product Safety:** Ensure that the product is used in accordance with the instructions provided. Misuse may lead to injury or damage to your firearm.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices regarding this product. Check for updates regularly.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations.
- **Special Consumer Focus:** This product is intended for adult users. Keep it out of reach of children and vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by your retailer.
- **Rapid Alerts:** Be aware of the EU Safety Gate system for updates on unsafe products.

## Specific Safety Precautions for Use

- **Compatibility:** Ensure that the slide release is compatible with your specific model of Springfield Armory Hellcat (standard, Pro, RDP, OSP).
- **Installation:** Follow the installation instructions carefully to avoid damaging the slide release or your firearm.
- **Holster Use:** Verify that your holster is compatible with the extended slide release to prevent accidental engagement.
- **Magazine Use:** Do not use the extended slide release with 10round magazines, as this may cause damage.
- **Check Functionality:** After installation, test the slide release to ensure it functions correctly before use.

## Instructions for Installation and Usage

1. **Gather Necessary Tools:** Before you begin, ensure you have the necessary tools for installation, including a punch tool and a small hammer.
2. **Prepare the Firearm:**
  - Ensure the firearm is unloaded.
  - Remove the magazine and check the chamber to confirm it is clear.
3. **Remove the Existing Slide Release:**
  - Use the punch tool to gently tap out the existing slide release pin.
  - Carefully remove the old slide release from the firearm.
4. **Install the Tyrant CNC Extended Slide Release:**
  - Align the new slide release with the corresponding slot on the firearm.
  - Insert the pin using the punch tool to secure the slide release in place.
5. **Test the Installation:**
  - After installation, manually operate the slide release to ensure smooth functionality.
  - Confirm that it does not interfere with the operation of the firearm or any holster.
6. **Regular Maintenance:**
  - Periodically check the slide release for wear or damage.
  - Keep the slide release clean and free from debris.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the product is damaged or no longer in use, follow local guidelines for the disposal of metal parts.

## **Contact Information for Further Support**

For any questions or concerns regarding the installation or safety of the Tyrant CNC Extended Slide Release, please refer to the contact information provided by your retailer or manufacturer.

By following these safety instructions, you can ensure the proper use and longevity of your Tyrant CNC Extended Slide Release while maintaining a safe shooting experience. Thank you for your attention to safety and responsible firearm handling.
