LEO GEN II TELESCOPING STOCK ADAPTER FOR MOSSBERG

500/590A1/MAVERICK 88 LEO® Gen II Telescoping Stock Adapter For Moss 500/590A1/Mav88 (12-GA And 20-GA) Use Mesa Tactical's collapsible stock kits and adapters to install AR-15 adjustable buttstocks and pistol grips onto the venerable Mossberg 500 shotgun platforms for the ultimate in tactical shotgun configuration performance. The LEO adapter is MESA's most basic, best-selling model, and features an optimal stock elevation allowing the use of iron sights or even the bead sight. The concept behind the telescoping stock system is simple: the shotgun stock is replaced by an adapter, which attaches to the rear end of the shotgun's receiver and it, in turn, mimics the rear end of an AR-15 lower receiver, into which an AR-15 receiver extension tube can be threaded. The AR-15 telescoping stock and pistol grip can then be reliably attached. LEO® Telescoping Stock Adapter Adapts AR-15 style buttstocks and pistol grips for use with Remington 870, Mossberg 500/590 and Beretta 1301 shotguns. Stock adapters are investment cast aircraft grade aluminum, CNC machined and powdercoated black with a tough, chemical resistant finish. Adjustable length-of-pull (LoP) to fit shooter's stature or for use with body armor and other equipment. Optional KynSHOT® hydraulic recoil buffer (standard damping) reduces felt recoil by 70%; KynSHOT® hydraulic recoil buffer (selectable damping) reduces felt recoil by up to 90%. Gives the shotgun similar handling characteristics to the AR-15. Collapsible stock makes shotgun easier to stow, transport and deploy. Pistol grip configuration allows increased control and user comfort. Sling attachment points included. Optional SureShell® aluminum carriers can be added to the M4 carbine buttstock. No gunsmithing required.

Attributes

- Name: [MESA TACTICAL PRODUCTS, INC. LEO GEN II TELESCOPING STOCK ADAPTER FOR MOSSBERG 500/MAV88](#)
- Manufacturer: [MESA TACTICAL PRODUCTS, INC.](#)

LEO GEN II Telescoping Stock Adapter Safety Instructions

Introduction

Thank you for choosing the LEO GEN II Telescoping Stock Adapter for your Mossberg 500/590A1/Maverick 88. This product is designed to enhance the versatility and functionality of your shotgun while ensuring safety during use. Please read this safety instruction guide carefully to understand the proper use, installation, and maintenance of this product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose with compatible firearms.
- Always follow local laws and regulations regarding the use of firearm accessories.
- Regularly inspect the adapter for any signs of wear or damage before use.
- Keep the adapter and all firearms stored securely and out of reach of children or unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure the shotgun is unloaded before installing or adjusting the adapter.
- Use the adapter only with compatible models: Mossberg 500, 590A1, and Maverick 88.
- Do not exceed the recommended weight limits for attachments on the stock adapter.
- Be cautious when adjusting the length of pull (LoP) to avoid pinching or injury.
- Ensure that the AR15 stock and pistol grip are securely attached before use.
- If using the KynSHOT hydraulic recoil buffer, familiarize yourself with its operation and ensure it is properly installed.
- Avoid using the adapter in conditions that may compromise its integrity, such as extreme temperatures or exposure to corrosive environments.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure the shotgun is unloaded and pointed in a safe direction.
2. **Remove Existing Stock:** Unscrew and remove the existing stock from the shotgun's receiver.
3. **Attach Adapter:**
 - Align the LEO GEN II Telescoping Stock Adapter with the rear end of the shotgun's receiver.
 - Secure the adapter using the provided screws and tools, ensuring a tight fit.
4. **Install AR15 Stock:**
 - Thread the AR15 receiver extension tube into the adapter.
 - Attach the desired AR15 adjustable buttstock and pistol grip.
5. **Adjust Length of Pull:** Adjust the stock to fit your stature or equipment needs.
6. **Final Check:** Ensure all components are securely attached and check for any movement or looseness.

Usage

- When using the shotgun equipped with the adapter, maintain a proper shooting stance and grip.
- Regularly check the stability of the stock and grip during use.
- If you experience any malfunctions or issues, stop using the product immediately and inspect for any damage.

Disposal Instructions

- Dispose of the LEO GEN II Telescoping Stock Adapter in accordance with local regulations regarding metal and plastic waste.
- Ensure that all components are removed from the shotgun before disposal.
- If the product is damaged or no longer usable, consider recycling the materials where possible.

Contact Information for Further Support

For any inquiries or concerns regarding the LEO GEN II Telescoping Stock Adapter, please consult the manufacturer's website or customer service resources. Always ensure that you have the latest information and guidance for safe and effective use of the product.

Thank you for prioritizing safety and responsible use with the LEO GEN II Telescoping Stock Adapter.
