

GEN-2 ENHANCED FREE FLOATING HANDGUARDS FOR AR-15 - AERO PRECISION GEN-2 ENHANCED 7.3" M-LOK HANDGRD FREE FLOAT FOR AR-15 ODG

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Aeros' Enhanced M-LOK (EM) Handguards provide a lightweight free float design for your custom AR15 build. The M-LOK system allows advanced modularity past the current 1913 picatinny rail system. Machined to mil-spec dimensions and engineered to perfection, this handguard eliminates bulk while retaining strength and stability. FEATURES: 1pc free float design Built in anti-rotation tabs Scalloped rails Continuous top rail 1.78" inside diameter fits most muzzle devices and 1.5" suppressors Compatible with low profile gas blocks GEN-2 FEATURES Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Additional milling along flats to aid with gripping and add visual appeal New profile for the continuous picatinny top rail PLEASE NOTE: This handguard is specific to the AR15/M4E1 platform. It is not compatible with the M5 .308/M5E1 platform.

Safety Instruction Guide for GEN2 Enhanced Free Floating Handguards for AR15

Introduction

Thank you for choosing the GEN2 Enhanced Free Floating Handguards for your AR15. This guide provides essential safety information and instructions to ensure the safe and effective use of your handguard. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the handguard is compatible with your AR15 platform. This handguard is specifically designed for the AR15/M4E1 platform and is not compatible with the M5 .308/M5E1 platform.
- Always handle firearms and firearm components with care. Treat every firearm as if it is loaded.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- Inspect the handguard for any visible damage before installation. Do not use if damaged.
- Follow all local laws and regulations regarding firearm modifications and usage.

Specific Safety Precautions for Use

- Use only compatible muzzle devices and suppressors that fit within the 1.78" inside diameter of the handguard.
- Ensure that the handguard is properly installed to avoid any risk of detachment during use.
- When using the quick disconnect sling socket, ensure it is securely attached before handling the firearm.
- Be aware of the potential for heat buildup during extended firing sessions. Allow the handguard to cool down before handling.
- Avoid using the handguard for any purpose other than its intended use as a firearm accessory.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including a torque wrench and appropriate mounting hardware.
- Ensure your workspace is clean and free of obstructions.

2. Installation Steps

- Remove the existing handguard from your AR15 by loosening the mounting screws.
- Align the GEN2 Enhanced Handguard with the upper receiver, ensuring that it is positioned correctly.
- Secure the handguard using the provided mounting hardware. Follow the manufacturer's torque specifications to avoid overtightening.
- Attach any additional accessories as required, ensuring they are compatible with the MLOK system.

3. Usage

- Familiarize yourself with the handguard's features, including the builtin antirotation tabs and scalloped rails.
- Ensure that all accessories are securely mounted and do not obstruct the operation of the firearm.
- Regularly check the tightness of all screws and attachments to ensure safe operation.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding the disposal of firearm components.
- If the handguard is damaged beyond repair, consider recycling materials where applicable.
- Do not dispose of the handguard in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product issues, please refer to the manufacturer's contact information provided with your product packaging.

By following these guidelines, you can ensure the safe and effective use of your GEN2 Enhanced Free Floating Handguards for AR15. Always prioritize safety and consult a professional if you are unsure about any aspect of installation or use.
