

6MM ARC SMALL RIFLE PRIMER BRASS - STARLINE, INC 6MM ARC SMALL RIFLE PRIMER BRASS 100/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

6MM ARC SMALL RIFLE PRIMER BRASS The 6mm ARC, or Advanced Rifle Cartridge, is essentially a shortened 6.5 Grendel that has been necked down to 6mm. The ability to load high BC bullets to magazine length in an AR-style rifle makes this efficient little cartridge an excellent choice for long range and target work. It also has the ability to shoot lighter varmint bullets as well as having enough velocity to achieve proper bullet performance with many hunting type bullets suitable for deer size game. The 6mm ARC makes an excellent choice for those looking for a low recoil, flexible option in AR's and in bolt action rifles without much downside. Several manufacturers are offering complete AR-style rifles and many more are offering barrels. Bolt action and single shot rifles and pistols are also available in this cartridge. For use with Small Rifle Primers.

Safety Instruction Guide for 6MM ARC Small Rifle Primer Brass

Introduction

Thank you for choosing the 6MM ARC Small Rifle Primer Brass by Starline, Inc. This guide provides important safety information and instructions for the safe use and handling of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is stored in a cool, dry place away from direct sunlight and moisture.
- Keep out of reach of children and unauthorized users.
- Always handle ammunition components with care and respect.
- Follow all local laws and regulations regarding the use and storage of ammunition components.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only in firearms that are specifically chambered for the 6MM ARC cartridge.
- Always wear appropriate safety gear, including eye and ear protection, when handling or using firearms.
- Avoid using damaged or corroded brass components.
- Do not exceed recommended load data for the 6MM ARC cartridge.
- Ensure that the workspace is clear of distractions and clutter before reloading or handling ammunition components.

Instructions for Installation and Usage

- Before starting, ensure that you have all necessary tools and equipment for reloading.
- Inspect the brass for any signs of damage or wear before use.
- Clean the brass thoroughly to remove any contaminants before reloading.
- Follow standard reloading procedures, including:
 - Use a reliable reloading manual for load data specific to the 6MM ARC cartridge.
 - Measure powder charges accurately using a scale.
 - Seat bullets to the correct depth as specified in your reloading manual.
- Store finished ammunition in a safe, secure location.

Disposal Instructions

- Dispose of any unused or damaged brass responsibly.
- Do not discard brass in regular trash; check local regulations for proper disposal methods.
- Consider recycling brass components where facilities are available.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the appropriate contact point in your region.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on your responsible handling of this product. Always prioritize safety when using or handling ammunition components.
