A Compact, Foldable Set of Hearing Protection Muffs

Users of over-ear hearing-protection muffs have always been plagued by the issues associated with extra bulk over their ears. For shooters, this is especially a problem, since in many cases, it prevents rifle shooters or shotgunners from getting a perfect cheek weld on their gun. The Walkers Razor Slim Electronic Muffs are designed to minimize those issues, thanks to a compact, slim design that can be folded down for easy storage. Each pair of Walkers XCEL Razor Slim Electronic Muffs features Sound Activated Compression, as well as Full Dynamic Range HD Speakers and two Hi-Gain Omnidirectional Microphones that all work in conjunction to provide premium sound reduction and enhancement in a compact package. The earmuffs are powered by two AAA batteries, and the redesigned headband provides enhanced comfort. The unit provides 23 decibels of sound reduction.

RAZOR SLIM SHOOTER FOLDING ELECTRONIC MUFF SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the RAZOR SLIM SHOOTER FOLDING ELECTRONIC MUFF. This product is designed to provide effective hearing protection while enhancing your auditory experience in shooting environments. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Always inspect the electronic muffs before use for any signs of damage. Do not use if damaged.
- Ensure that the muffs are properly fitted over your ears to provide maximum sound reduction.
- Keep the muffs away from children and pets when not in use.
- Do not modify or attempt to repair the muffs yourself. Contact a professional for repairs.
- Be aware of your surroundings when using electronic muffs. Hearing enhancement features may amplify sounds that could distract or mislead you.

Specific Safety Precautions for Use

- **Hearing Protection:** The muffs provide 23 decibels of sound reduction. Always wear them when exposed to loud noises, such as gunfire.
- **Battery Safety:** Use only two AAA batteries as specified. Dispose of used batteries according to local regulations.
- **Comfort:** Adjust the headband to fit snugly but comfortably. Do not force the muffs onto your head.
- **Environmental Considerations:** Avoid exposing the muffs to extreme temperatures, moisture, or direct sunlight for extended periods.
- **Age Warning:** This product is not intended for children under the age of 12. Adult supervision is required when used by younger individuals.

Instructions for Installation and Usage

1. Battery Installation:

- Open the battery compartment located on the earmuffs.
- Insert two AAA batteries, ensuring the correct polarity (+/-) is observed.
- Close the battery compartment securely.

2. Fitting the Muffs:

- Place the muffs over your ears, ensuring they cover your ears completely.
- Adjust the headband to achieve a snug fit without discomfort.

3. Using the Electronic Features:

- Turn on the muffs using the power switch.
- Adjust the volume to a comfortable level using the volume control.
- Be aware that the muffs will amplify quiet sounds while reducing harmful noise levels.

4. Folding for Storage:

- To fold the muffs, gently pull the ear cups inward towards the headband.
- Store the muffs in a cool, dry place when not in use to prolong their lifespan.

Disposal Instructions

- Dispose of the electronic muffs in accordance with local regulations for electronic waste.
- Remove and dispose of batteries separately according to local battery disposal guidelines.
