

TYPE S MATCH BUSHING FULL DIE SETS - REDDING 6MM GT BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Safety Instruction Guide for Redding Type S Match Bushing Full Die Set

Introduction

Thank you for choosing the Redding Type S Match Bushing Full Die Set. This guide aims to provide you with essential safety instructions to ensure the safe use of this product. Please read and follow these guidelines carefully.

General Safety Guidelines

- Always handle the die set with care to avoid injury.
- Ensure your workspace is clean and organized to prevent accidents.
- Use the die set only for its intended purpose as described in this manual.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage before use.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the die set.
- Ensure that the press used to operate the die set is securely mounted and stable.
- Do not exceed the recommended load limits for your reloading equipment.
- Always check the compatibility of the die set with the specific cartridge you are using (6 GT).
- Be cautious of any sharp edges on the die set to avoid cuts.
- If you experience any malfunctions or irregularities during use, stop immediately and inspect the die set.

Instructions for Installation and Usage

1. Installation:

- Securely attach the Type S Bushing Full Sizing Die to your reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned and tightened to prevent movement during operation.

2. Using the Bushing Full Sizing Die:

- Select the appropriate bushing for your desired neck tension and install it onto the sizing die.
- Adjust the die to achieve the desired fulllength resizing while maintaining control of the case neck.
- Insert the cartridge case into the die and operate the press to resize the case.

3. Using the Competition Bullet Seating Die:

- Install the Competition Bullet Seating Die in the same manner as the sizing die.
- Set the micrometer to the desired bullet seating depth, ensuring it is calibrated correctly.
- Place the bullet into the case mouth and operate the press to seat the bullet to the specified depth.

4. PostUse Care:

- After use, clean the die set to remove any residue or debris.
- Store the die set in a safe, dry place away from moisture and dust.

Disposal Instructions

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Instead, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the safety and use of the Redding Type S Match Bushing Full Die Set, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Type S Match Bushing Full Die Set. Thank you for your attention to safety.
